

David and Donna Uhlenhake

David and Donna Uhlenhake were instrumental in reorganizing the Hopewell-Loudon Athletic Boosters upon Mr. Uhlenhake's election to president in 1975. As president, he was a catalyst for the advancement of the organization. Mr. and Mrs. Uhlenhake amplified booster membership by organizing activities such as the Thanksgiving and spring stags, and a New Years Eve dance. They were dedicated to the safety and growth of all athletic programs. Ahead of their time, the Uhlenhakes held training events to showcase unsafe sports equipment.

They were instrumental in creating a 3-year plan for the creation of a stadium including fundraising goals to obtain the money that built the Chieftain Football Stadium we occupy today. They were able to reach that

goal in addition to providing equipment for the concession stand and equipment and uniforms for athletes in other sports during that 3 year timespan.

As a team, Dave and Donna spent endless hours with dedication and devotion to the HL Athletic Boosters, creating awareness for the safety and health of the participating student athletes. They had tireless energy while working toward the realization of the goals of the Athletic Boosters.
