Library Media Center

Welcome to the John Ehret High School's Library Media Center

The mission of John Ehret High School's Library Media Center is to provide free, equitable access to information across all curriculum areas, support individual needs, instruct in the usage of informational skills, and celebrate the enjoyment of reading, viewing, and listening.

Our library media center has chrome books available for in-library use, comfortable reading areas, worktables, art and game center and a wide selection of fiction and non-fiction reading material.

Students may check out books from the general collection and may be renewed as needed.

Students are free to visit the library before school from and at lunch. Teachers may issue passes for students to check out books during the school day.

The library is located in room 707. Please contact Mrs. Smith johnita.smith@jpschools.org or Ms. Mauer Theresa.mauer@jpschools.org with any questions.
