

REQUEST FOR PROPOSAL
Grandview School District
Managed Network Services
Addendum #1

This addendum is hereby incorporated into the bidding documents for Grandview School District RFP for Managed Network Services bidding February 4, 2026, at 11:15 a.m. The corrections, clarifications, changes and approvals herein shall become an integral and binding part of the contract entered between the District and the Supplier.

Section 4: PRICING

ADD:

RFP Addendum — E-Rate Eligibility Identification Requirements

E-Rate Eligibility Identification

All proposers are required to clearly identify and separate E-Rate Category 1 and E-Rate Category 2 eligible products and services within their submitted proposals.

Line-Item Requirements

Each proposal must:

- Clearly identify each product and/or service as E-Rate Category 1 or E-Rate Category 2 eligible at the individual line-item level.
- Separately identify any non-E-Rate eligible products or services, if applicable.
- Provide sufficient description at the line-item level to support E-Rate eligibility determination.

Cost Summary Requirement

Each proposal must include a summary page that:

- Identifies the total E-Rate Category 1 eligible cost.
- Identifies the total E-Rate Category 2 eligible cost.
- Separately identifies any non-E-Rate eligible costs, if applicable.

Proposal Attachment Requirement

The Category 1 and Category 2 eligible cost summaries must be attached to and submitted with the proposal at the time of bid submission.

Compliance and Evaluation

Failure to clearly identify line items by E-Rate Category and to provide the required Category 1 and Category 2 total eligible cost summaries may result in the proposal being deemed non-responsive and excluded from further consideration.
