

Report of 2022-2023 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2024

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2022-2023 high school graduates who attended public four-year and two-year higher education in FY 2024. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2023, spring 2024, and summer 2024 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2024, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2024 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

Texas High School Graduates from FY2023
Enrolled in Texas Public or Independent Higher Education in FY 2024

County	District	Total Graduates	GPA for 1st Year in Public Higher Education in Texas					Unk
			<2.0	2.0-2.49	2.5-2.99	3.0-3.49	>3.5
