3rd year SU	OT 542 Level II Fieldwork II	10
	OT 544 Exam Prep	0
AUGUST	MSOT Graduation	TOTAL Credits 42

Nontraditional Entry Level Master of Occupational Therapy Program Weekend Format

Entry Level MSOT Accreditation Status: The entry-level occupational therapy master's degree program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 7501 Wisconsin Avenue, Suite 510E Bethesda, MD 20814. ACOTE's telephone number c/o AOTA is 301-652-AOTA and its web address is www.acoteonline.org. Graduates of the program will be eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam the individual will be an Occupational Therapist, Registered (OTR). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure. Students must complete 24 weeks of Level II fieldwork within 24 months following completion of the didactic portion of the program.
