**CAREER TECHNICAL EDUCATION**

GlenOak High School has one of the largest selections of CTE programs of any comprehensive high school in the area. We offer a wide variety of programs that are recognized throughout Stark County for their innovative curriculum and opportunities. Our two-year programs include a shadowing, mentoring, internship, or paid work experience. The CTE programs provide excellent training opportunities to gain licensures, credentials, certification, and marketable work skills to become both college and career ready.

### Programs Available at GlenOak High School:

- Advancement to Nursing
- Animation & Graphic Design
- Automotive Technology
- Business Finance
- Business Marketing
- Commercial Photography
- Construction Trades
- Cosmetology
- Emergency Medical Services & Fire Science
- Engineering & Advanced Manufacturing
- Horticulture
- Job Training Coordination (JTC)
- Light & Sound Technologies
- Music Production
- Sports Medicine

- Teacher Pathways
- Theatre Arts
- Video Production

### Programs Available at Hoover High School:

- Culinary
- BioMedical Science
- Welding Technology

### Programs Available at Jackson High School:

- Cybersecurity
- Culinary Arts

### Programs Available at Lake High School:

- Legal Studies

### Program Information:

Updated CTE information will be posted in Parent Square & Student Square regularly during the scheduling process. CTE program information is made available during the **sophomore course-selection** process for students planning their **junior-year schedules**. Students are encouraged to apply for two Career Tech courses for their junior year in SchoolLinks. Because Career Tech is a **two-year commitment**, students will take two additional Career Tech courses during their senior year.

Additional information, including Open House Nights and the Career Tech application, can also be found in SchoolLinks.

Individual Program Videos are located on the Plain Local Schools/GlenOak High School website under **Career Pathways**.

### Applications:

Please complete the Career and Technical Educational Application online in School Links. Directions are listed on the next page.

### Selection:

A lottery system will be conducted if the career tech program is at full capacity.

Students accepted into their selected career tech program will receive confirmation during the second semester of their sophomore year.

# Career Technical Education Program Application

**GLENOAK HIGH SCHOOL**

## Directions:

1. Go to School Links: [app.schoollinks.com/dashboard](http://app.schoollinks.com/dashboard)
