Saint Thomas Aquinas Social Media Commenting Policy

Saint Thomas Aquinas High School recognizes the importance and benefits of communicating through social media. Social media is a powerful vehicle through which Saint Thomas Aquinas may disseminate relevant news to its community, listen to voices and perceptions of Saint Thomas Aquinas, connect with our audiences online, and build goodwill. Social networks and other online media are great tools for engagement and two-way communication, but they can pose significant risks when misused. Existing legal responsibilities and school policies remain in place when Saint Thomas Aquinas students, faculty, and staff use social media.
