

Ethiopian Community Center Engagement

Date & Location: January 11, 2026 – Ethiopian Community Center

Attendance: Approximately 60 participants

Facilitator: Ms. Marcia Coward

Ms. Coward shared SAP information with attendees and connected directly with PTA District Leaders and other community leaders. Based on this engagement, SAP will convene smaller group meetings within these networks to ensure participants receive timely, relevant, and digestible information. Ms. Coward also emphasized to the broader audience the importance of having their voices represented in upcoming SAP Community meetings and offered opportunities for members of the SAP team to attend additional meetings in their communities, as requested.
