

APPENDIX C

SUPPLEMENTARY SALARY SCHEDULE

If a new job classification is established, the District will negotiate with the Association over the appropriate salary for that classification. If possible, said negotiations shall take place prior to the filling of the position. If it is not possible to complete negotiations prior to the filling of the position, the salary subsequently agreed upon shall be retroactive to the first day the position was filled.

If there is any substantial change in the duties of any existing job classification, the District will negotiate with the Association regarding possible modification in the salary for such position; and any modification in the salary for such position agreed to will become effective on the first day that the change in duties become effective.

Any open Athletic Coaching Appendix C positions must be posted throughout the district for five (5) workdays. All other positions must be posted at the site for five (5) workdays. In the event that a Principal intends to open a previously filled position, the person who holds the position must be electronically notified of the change prior to posting.

(A) The District will make every effort to hire the most qualified certificated person to fill these positions.

(B) For those positions in Appendix C that do not legally require certification (coaches), the District may hire a qualified non-certificated person if no qualified certificated person has applied.

(C) All openings for vacant or newly created Appendix C positions shall be advertised and posted at each school.

All interested Certificated Bargaining Unit members must apply in writing or electronically. All applicants must be notified, in writing or electronically, of Appendix C staffing decisions. A complete listing of Appendix C positions and who filled each position must be electronically posted at each site.

The following positions are included in Appendix C:

JUNIOR RESERVE OFFICERS' TRAINING CORPS (JROTC) SALARY PLACEMENT

JROTC members' salary placement is based on the Minimum Instructor Pay (MIP) set by the military branch.

JROTC receive salary adjustments based on the Department of Defense cost-of-living adjustment, which is usually provided in January of each year.

FTA agrees that this practice is acceptable given the unique salary structure which must be used for compensation of JROTC members with a unique work schedule of 12 months and 222 days per school year.

- (A) The Minimum Instructor Pay (MIP) portion of salary shall be adjusted annually by the same percentage as the cost-of-living adjustment applied by the Department of Defense.

COMBINATION CLASS STIPEND

- (A) The stipend for bargaining unit member teaching elementary school combination classes pursuant to Article 14, Sections 14.6.1 shall be based on the factor of .016.
