NON-RESIDENT TRANSFER STUDENT
INTENT TO RETURN

February 5, 2026

At this time, we are preparing for the **2026-2027** school year and must review current non-resident transfer student numbers.

Out-of-district transfer requests are granted in one year increments. If you would like your student(s) to be considered as a transfer student(s) for the **2026-2027** school year, please complete, sign, and return the enclosed transfer agreement.

All requests are reviewed on an individual basis using the guidelines established by the District:

- Building capacity
- The current enrollment at the particular grade level
- Capacity in any special programs the student seeking admission
- The disciplinary record of the student seeking admission
- The attendance record of the student seeking admission
- The academic record of the student seeking admission, including the student's performance or applicable state-mandated assessments, the student's record of promotion to the next grade level, and the student's extracurricular record
- The parent's compliance with District and Campus policies and regulations

Please review Board Policy FDA(LOCAL).

Please complete, sign, and return the enclosed transfer Intent to Return agreement form no later than **February 27, 2026.**

Failure to promptly return the completed and signed Non-Resident Student Transfer Intent to Return application by the deadline may result in the District rescinding the transfer approval, potentially forfeiting the student's place for the **2026-2027** school year.

This is a tuition-required program; $600.00 per student, annually, not to exceed $1,200.00 per family. **Tuition/transfer fees are non-refundable and full tuition is due regardless of enrollment date.** Please note, per State Law, Kindergarten - 12th grade students of peace officers may transfer with no tuition fee. Per local policy, students of RISD employees may transfer with no tuition fee.

Thank you for prompt attention as Ropes ISD is committed to providing a quality education and experience for our students.

Sincerely,
Dade Cosby
Superintendent
