SCHEDULING INFO (current 10th grade surveying for 11th)

Required Courses

A. ENGLISH: Students must take 1.0 credit of English.
Students will choose a full year consisting of one semester of ***Applications of Composition*** **AND** one semester of a ***literature elective***. Please rank your elective choices in order of preference, in case your first choice is unavailable. Students who are exceptionally strong in English may opt to take ***Advanced Placement (AP) English Language & Composition*** or ***Advanced Placement (AP) English Literature & Composition*** for the full year. Please consult with your teacher if interested in an AP – summer assignments are a requirement.

B. SCIENCE: **Students are required to earn 1.0 credit in a 3rd Science.** *(see registration book for details)*
Please consult your science teacher about your next science class recommendation. Students who sign up for Chem or Physics courses should also be aware of the math content and any prerequisites to be successful in these classes. (Other science options are listed on the course offering sheet)

C. MATH: Students are to take the next math course in sequence. **Students should see first OR second semester math teacher for placement recommendation.**

D. SOCIAL STUDIES: Students are required to earn credit in Government AND Economics.
Most students choose to take one semester of Gov and one semester of Econ. If a student chooses to select the full-year AP Government course, they will still need to complete the Economics credit before graduation. Highly motivated students may also select to take the AP Micro Economics course to fulfill the Economics credit. Taking Gov with AP Micro Econ is another option that fulfills the graduation requirement. (Starting with the class of 2028, the new personal finance requirement will be embedded in all RCS Economics classes. Anyone entering RCS having previously taken economics may still need to fulfill this requirement.)

E. OPTIONAL – BAND CHOICES: (Marching Band and Jazz Band only)
Check the box and do not include in the total 6 credits when inputting. Your counselor will do this for you.

F. ELECTIVES: 11th Grade elective choices can be found on the Course Offerings sheet. Students may select any combination of one or two semester courses.

Other things to keep in mind……..

- World Language electives **require 2 credits in the same language**.
- **AP courses are intended for the highly motivated student, have the rigor of college level courses, require intense reading, and are full year commitments**.
- Check class prerequisites carefully!
- Complete course descriptions can be found in the Course Description Book on the Curriculum website or the RHS Counseling website in the grade level scheduling tab.
- If applying to an **Oakland Schools Technical Campus** program, visit their website to apply! Remember that OSTC will use 6 credits for the year. You will enter 3 AM's or PM's for semester one and semester two in the cluster that you applied for.

It is critical that student course selections (required and elective) add up to exactly 12 semester classes (students have 6 classes in each of the 2 semesters of the school year: 6 x 2 = 12)

G. ALTERNATE ELECTIVE COURSES: Choose Alternate choices for all other 1 semester elective classes. Please choose 1 semester alternates, keeping in mind that you may be scheduled into your alternate classes if your first choice classes are unavailable. ***Cards without alternates will not be accepted!***

H. STUDENT AND PARENT/GUARDIAN SIGNATURES: Review selections with parent/guardian and sign the card. **Both student and parent/guardian signatures are required!**

MORE INFORMATION ON BACK OF SHEET ☺

BACK OF CARD—

I. **ADDITIONAL STUDENT INFORMATION:** Please complete the additional information relating to Career Path, Post High School Plans, and NCAA.

J. **RESOURCES:** After completing this card, use the QR codes to input your courses in **StudentVue.** You may also use the other QR codes to seek more information or to apply for any courses that require an application. Use this QR code for any courses that require an application:

APPLICATIONS FOR SPECIAL COURSES

SIGNED, COMPLETED cards need to be turned into your counselor after inputting by Tuesday, February 3rd!

YOU WILL FIND detailed information posted in the RHS 10th Grade Counseling Google Classroom under the "SCHEDULING" topic.
We have also posted the same information on the RHS Counseling "Sophomore" Website.
