FEBRUARY 2026

Principal/Dean News

Hello Families,

We hope this message finds you well. We'd like to share a few important updates and reminders with you.

Thank you to all the families that attended conferences. They were a great success, and we truly appreciate your time, partnership, and continued support of our students' learning.

Yearbook orders are now open! Don't miss the chance to capture this school year's memories. The ordering information is below.

We are excited to announce that our Hygiene Drive is beginning soon. This is a wonderful time for our school community to support those in need. Below is some information to what we will be collecting.

Healthy Sleep

Like eating well and being physically active, getting a good night's sleep is essential to the well-being of students and staff. A number of vital tasks carried out during sleep help maintain good health and enable people to function at their best. Not getting enough sleep can be dangerous and contribute to poor health.

Both the amount and quality of sleep affect how well people learn and remember as well as perform tasks like problem-solving and staying focused. Insufficient sleep causes people to be irritable and adversely affects behavior. Poor quality sleep on a regular basis increases the risk of having high blood pressure, obesity, heart disease, and other medical conditions.

Here is the CDC's recommended hours of sleep:

Preschool	3–5 years	10–13 hours per 24 hours (including naps)
School Age	6–12 years	9–12 hours per 24 hours
Teen	13–18 years	8–10 hours per 24 hours
Adult	18–60 years	7 or more hours per night
	61–64 years	7–9 hours
	65 years and older	7–8 hours

Here are some of their suggestions to improve sleep health:

- Be consistent. Go to bed at the same time each night and get up at the same time each morning, including on the weekends
- Make sure your bedroom is quiet, dark, relaxing, and at a comfortable temperature
- Remove electronic devices, such as TVs, computers, and smartphones, from the bedroom
- Avoid large meals, caffeine, and alcohol before bedtime
- Get some exercise. Being physically active during the day can help you fall asleep more easily at night.

APPLETON COMMUNITY 4K ENROLLMENT BEGINS ON FEBRUARY 9, 2026!

Why Appleton Community 4K?

- District-aligned curriculum for a seamless transition to kindergarten
- Highly qualified, 4-year-degree licensed teachers
- Morning, afternoon, and extended day classes
- 4-Day and 5-Day options
- Childcare available before and after classes at many locations
- Access to individualized supports for student success and early intervention

Appleton Community 4K builds a lifelong love of learning through creativity, curiosity, problem-solving, and exploration.

Our students learn through purposeful play guided by highly qualified teachers who engage in ongoing professional development. We embrace well-established research that play allows young learners to make connections and solidify newly learned skills. We carefully monitor and measure student growth, and our results consistently demonstrate that we meet or exceed the widely held expectations for 4K students. Aligned with the AASD Kindergarten curriculum, our curriculum includes early literacy, math, and social-emotional learning, such as kindness, making friends, and playing together.

We meet students with the skills they have when they arrive in 4K and use a positive, engaging classroom to build a lifelong love of learning through creativity, curiosity, problem-solving, and exploration.

2026-27 4K enrollment begins on February 9, 2026, at [4k.aasd.k12.wi.us!](https://4k.aasd.k12.wi.us)

Project ADAM
SAVES LIVES

Heart Safe School Designation Letter to School Community

Dear Community,

Horizons Elementary School is pleased to inform you that we have joined a community effort to implement a sustainable and comprehensive CPR and AED program. This decision is the result of our wish to make our buildings safe for our students, visitors and employees.

Sudden Cardiac Arrest (SCA) occurs when the heart suddenly and unexpectedly stops beating, cutting off blood flow to the brain and other vital organs. SCA is fatal if not treated immediately. Having access to an AED as well as having a written plan and a team of CPR/AED-trained staff ready to act in an emergency can save the life of someone suffering a SCA during those critical first few minutes. Through our cooperative efforts with **Project ADAM** and **Children's Hospital of Wisconsin**, we have joined hundreds of schools throughout the state of Wisconsin and beyond in preparing our school for a life-threatening emergency. This program enables us to offer any person who may experience a Sudden Cardiac Arrest during regular school hours, the best chance for survival.

Horizons currently has an AED in the building. The AED is stored in a wall cabinet. When the cabinet door is opened, a loud alarm will sound. This alerts everyone that there is a potential emergency. Our school has a maintenance plan in place for the units. The AEDs are designed to work effectively unless they are tampered with. Additionally, the AED will not shock a person unless it detects a shockable rhythm (ventricular fibrillation).

Staff has been trained to assist with an emergency during regular school hours. After school hours and during the summer, this is a Public Access Defibrillation (PAD) program. If you suspect someone is experiencing a Sudden Cardiac Arrest, please feel free to use the equipment at our school. Good Samaritan laws protect the layperson in a life-saving attempt, although we recommend becoming trained in CPR/AED use as an investment in your health and the health of others. Our local Emergency Medical Services and AASD Medical Director are aware of our procedures for the program.

"Project ADAM is a national, non-profit organization committed to saving lives through advocacy, education, preparedness and collaboration to prevent sudden cardiac death. Our affiliate programs improve the cardiac chain of survival in schools and communities in memory of Adam Lemel, a 17-year-old Whitefish Bay, WI, high school student who collapsed and died while playing basketball at school."

Many thanks for your participation in this important Heart Safe initiative in our school. To see our school on the Project ADAM map, visit www.projectadamwi.com.

Sincerely,

AASD District Nursing Staff
