

January 25, 2026

Cheltenham School District Community -

I am writing to inform you that all Cheltenham School District schools and offices will be closed tomorrow, Monday, January 26, 2026, due to the storm impacting our area. Forecasted snow, sleet, and ice are expected to significantly affect road conditions. Monday will be a traditional snowday. All school buildings will be closed, and all activities are canceled.

Our facilities team, which is responsible for snow removal, will receive direction from CSD Director of Facilities and Maintenance Anthony Carter.

Administration will continue to monitor weather conditions, and is hopeful schools will return to normal operations as soon as possible. Any change in normal operations will be communicated through our usual channels prior to the start of the school day on Tuesday.

Stay safe and warm.

Sincerely,

Dr. Brian W. Scriven  
Superintendent of Schools
