

A new personalized experience

Support your mental health and overall wellbeing with seamless, customized care. Easily connect with a counselor or explore self-guided programs, and access resources and recommendations tailored to your needs.

1. Access your web platform or mobile app.

Visit mysupportlinc.com or open the mobile app, click Create Account, enter your group code and set your preferences to build your personalized dashboard. You'll only need your group code once. Already have an account? Sign in with your existing username and password to discover the new experience.

2. Explore personalized tools and care options.

From your dashboard, access resources matched to your interests—text with a licensed clinician, book a counseling or coaching session, join a virtual group, start a self-guided program and use the enhanced search feature to find additional support.

3. Take the next step toward feeling like your best self.

Complete quick check-ins, track your mood, engage with interactive exercises and try mindfulness practices.

Support is always just a few clicks away.

Frequently asked questions

- 1. Why did the web platform and mobile app change?** You'll notice these updates provide easier access to support and a more personal, engaging experience. Many of the resources you've used before are still here, now with a fresh design, new tools and more ways to connect to care.
- 2. What's new about the sign-in process?** When you log in for the first time, you'll choose the topics and goals that matter most to you. Your dashboard updates automatically with recommendations that support your wellbeing. You can adjust your preferences at any time in the settings.
- 3. How do I manage notifications and reminders?** You can adjust them at any time in your account settings, selecting the ones you receive and how often.
- 4. What are the guided paths and how do they work?** These are step-by-step programs featuring mental health experts. They help you focus on one topic at a time, allowing you to make steady progress toward your wellbeing goals.
- 5. How do I use the mood tracker?** Log how you're feeling anytime with a quick tap from your dashboard. Over time, you'll begin to notice patterns and triggers that can help you manage your emotions.
- 6. What are mental health check-ins and screeners?** These short, expert-developed assessments provide you with immediate results and suggest the next steps or resources that fit your needs.
- 7. I'm having trouble with my account. Who can I ask for help?** You can email contact@curalinc.com for assistance from our support team.
- 8. Is my information confidential?** Yes! No one will know you've used the program without your written permission, except as required by law. Your information is protected in accordance with federal regulations and CuraLinc's privacy policy.
