# BSD Web Resources for Parents

## Internet Safety

Understanding how to explore the Internet while staying safe offers an amazing way to collaborate with others worldwide. BSD takes steps to promote the safety and security of users of the BSD online computer network when using electronic mail and other forms of direct electronic communications.

## Parent Applications

Below is a list of tools to help parents and guardians to access real-time information related to their students, including Attendance, Calendars, Course History, Emergency Contacts, Grade Book Information, Report Cards, Schedules, School Information. [More information on apps for students.](#)

## Application Review Process

Today's classrooms increasingly employ on-demand delivery of personalized content, virtual forums for interacting with other students and teachers, and a wealth of technologies that help foster and enhance the learning process. We are committed to protecting the privacy of your student(s).

### ▼ Internet Safety Resources

#### FOR PARENTS & GUARDIANS

- [BSD Student Device Resources - Internet Safety](#)
- [Common Sense Media](#)
- [National PTA Digital Safety Resources](#)
- [FBI Safe Online Surfing Challenge](#)

#### OTHER RESOURCES

- [FCC Consumer Guide to CIPA](#)

### ▼ Canvas Parent App (Middle and High School Students)

The Canvas Learning Management System (LMS) is used by many middle and high school teachers as an extension to in-class instruction. Teachers using Canvas can post assignments, give feedback, and communicate with students. [More information.](#)

### ▼ Student Data Privacy

#### WHAT IS IT?

Student data privacy covers the use, collection, handling and governance of students' personally identifiable information (PII). This includes any and all information that can be used to identify, locate or contact an individual student—such as name, address, student ID, and login information. It also includes the student's academic, health, and disciplinary records, as well as information that can be combined to identify a particular student, like demographics and birth date.

# Internet Activity Reports

The Internet Activity Parent Report is a weekly summary of your child's internet activity while using a BSD managed Chromebook or iPad.

This report covers ...

- Summary of when your child is most active online
- Top websites visited

▶ What do Parent Reports look like?

▶ How do I sign up for Parent Reports?

▶ When will I start receiving Parent Reports?

▶ How can I unsubscribe from these reports?

▶ I suddenly stopped receiving parent reports and not sure why?

▶ My child has an iPad and I am receiving an inaccurate report

▶ I'd like to learn more about how filtering works for BSD devices

- Parents automatically enrolled
- Usually delivered on Sundays

# Lightspeed Parent Portal

Lightspeed Systems Portal enables parents or guardians to support their child's internet-based learn by monitoring their most recent web browsing activity and temporarily pause their ability to browse internet.

- Click the “Log In or Register” link from the Activity Report email

▶	What does the Parent Portal look like?
▶	How often does the Web Activity information update?
▶	How do I pause internet access for my child?
▶	What does it look like when I pause my child's ability to browse the internet?
▶	Is there a limitation on when I can pause web browsing?
▶	Can I pause internet access for my child on during school hours when my child is not at school?
▶	Can I schedule the Parent Portal to pause web browsing every day at a specific time?
▶	Can I block specific sites?
▶	How do I sign up for Parent Portal?
▶	I forgot my password!
▶	I do not see my child in the Parent Portal
▶	The Web Activity for my child appears to be inaccurate
▶	Will I stop receiving weekly Parent Reports emails if I sign up for Parent Portal?
▶	I'd like to learn more about how filtering works for BSD devices

# Weekly Student Online Activity Report

- Summarizes student's web browsing activity for the week, including page visits & website host metrics
- Automatically sent via email from the Lightspeed on Sundays
- Contains:
  - Top websites: top 10 visited hosts
  - Daily website visits: number of pages visited per day
  - Total browsed hosts
  - Average daily page visits
  - Parent portal login/register link

The email contains the Subject: *Filter Portal Weekly Report* & is sent from the following address: *do\_not\_reply@lightspeedsystems.com*.

**NOTE:** Remember to set it as a safe sender; otherwise it will be flagged as junk/spam.

Please use this tool to review internet activity with your student.

# Near Real-Time Information

- Sign into parent portal
  - <https://beaverton-school.portal.relay.school>
  - Click Web Activity button
- 7-day view
- Shows sites:
  - All sites the student tried to access
  - Sites allowed
  - Sites blocked by filter restrictions

## Web rules

Decide which web rules to block or allow on your student's device. Your school district manages categories related to mature content, violence, and security.
