17	18	19	20	21	22	23
24	25	26	27	28	29	30

## Adding AP exam codes to your College Board account for exam registration:

For those of you who will be taking an AP course for the first time, with no previous SAT exams taken:

1. Navigate to the College Board website. This is at: [www.collegeboard.org](http://www.collegeboard.org)
2. As the homepage appears, click on the "create account" link below the sign in button.
3. This will open up the form to complete with demographic information. Make sure that you are using your legal name on these forms, as it will have to match your transcripts for college credits. Helpful tip: When asked for an email address, use a personal email.
4. Confirm email address through 2 step verification
5. Choose to receive/deny info about student search services
6. Log In

To add an exam code:

1. Log into account and find My AP classroom
  - a. Click the Yellow button that says "Join a course or exam"
  - b. Enter your code
  - c. Confirm information or change information
  - d. Congrats! You are registered.
