The District shall, in no event, be responsible for the cost of preparing any proposal in response to this solicitation. The awarding of this contract, in whole or in part, is at the sole discretion of the District. The decision resulting from the evaluation process as to which proposal best meets the needs of the District shall be in the District's sole discretion.

If the District considers a need, the Proposer shall be required to arrange demonstrations of items or services proposed. Failure to be able to provide such working demonstration may disqualify the Proposer's proposal. All demonstrations shall be provided free of charge to the District. The Proposer shall assume full liability for any errors or omissions in its proposal. If a proposing vendor discovers any ambiguity, conflict, discrepancy, omission, or other error

in the solicitation, the Proposer shall immediately notify the District of such error in writing and request clarification or modification of the document. Modifications will be made by addenda as such clarification shall be given by written notice to all parties who have been furnished with a Request for Proposals.

16. Deviations from Solicitation Terms and Conditions: Deviations from any term or condition contained in this solicitation may cause a proposal to be rejected as nonresponsive. All deviations must be clearly noted at time of submission of proposal. If not noted, the assumption is that the Vendor is proposing as specified.

17. Independent Contractor Status and IRS Requirements: The District shall view the legal position of the Proposer as an "independent contractor" in a contractual relationship. While engaged in carrying out the terms and conditions of the Contract, the Awardee is an independent contractor and not an officer, employee, agent, partner, or joint venture of the District, therefore shall obtain no rights to benefits that accrue to the District's employees. All persons employed to furnish services are employees of the Proposer and not of the District.

- a. The District shall not be liable for any of the contractor's acts or omissions performed under the contract to which the Proposer is party.
- b. The Proposer will complete IRS form W-9 providing taxpayer identification number and also indicate whether Proposer is a corporation, sole-proprietor, partnership, individual, etc. Proposer receiving a contract award must submit this form along with its submission of an executed copy of the contract.

18. Past Performance: A Vendor may be ruled "non-responsible" based upon Vendor's unacceptable past performance, which may include, but is not limited, to late/non-deliveries, partial deliveries, delivery of wrong materials, products, not meeting specifications, providing incorrect prices, invoicing problems, default, etc.

19. References: Awardees must provide a minimum of three (3) customer references that are current within the last three (3) years. These references must have received services that were similar in the scope and nature of the services being requested in this solicitation. The District may contact any or all references during the evaluation process. Vendors must complete and submit the Vendor Reference form (Attachment A) contained herein.

20. Pre-Award Meeting: The apparent responsible Vendor that submitted the highest scoring responsive proposal may be required to attend a pre-award meeting with the District representative, within five (5) calendar days of the District's request. The purpose of the pre-award meeting will be to discuss and evaluate the Vendor's experience in the performance of a contract of similar scope, to discuss the invoicing and credit requirements, and to assure the District representatives that the Vendor possesses an understanding of the scope of the contract including the service, insurance, and delivery requirements of the District. The decision of the District's representatives as to the ability of the Vendor to successfully service this Contract in accordance with the requirements shall be final.

21. Liquidated Damages: The District shall hold the successful Proposer liable and responsible for all damages that the District may sustain because of Proposer's failure to comply with any conditions herein. If the

successful Proposer fails to furnish or deliver any material, supplies, equipment, or services at the prices quoted, or at the times and places stated, or otherwise fails to comply with the terms of the documents in their entirety, the District may purchase the items herein specified elsewhere, without notice to the successful Proposer. Costs accrued by the District for a purchase resulting from a failure to perform, shall be invoiced to the successful Proposer, taken as a credit against the vendor, or payment may be deducted from future invoices. Prices paid by the District shall be considered the prevailing market prices at the time such purchase is made. In addition, a charge of One Hundred Dollars (\$100.00) will be assessed to cover administrative costs for processing of third-party orders resulting from non-performance.

- 22. District's Right to Withhold Certain Amounts and Make Application Thereof:** The District may withhold a sufficient amount or amounts of any payment otherwise due to the Vendor, as in its judgment may be necessary to cover defective items not remedied. The District may apply such withheld amount or amounts to the payment of such claims in its discretion.

The successful Vendor further agrees to provide Certificates of Insurance as specified herein. In addition to Vendor's obligation to indemnify the District, Vendor specifically acknowledges and agrees that it has an immediate and independent obligation to defend the District from any claim that actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false, or fraudulent, which obligation arises at the time sub claim is tendered to Vendor by District and continues at all times thereafter.
- 24. 25. Proposal/Bid Security: No Proposal Bond is required.

26. Permits and Licenses: The Awardee shall obtain and, at their expense, pay for any/all licenses/permits required by law for accomplishing any work required in connection with this contract.

27. Agreement: The form of agreement, which the Awardee, as contractor, will be required to execute, is included in the proposal documents, and should be carefully examined by the Vendor. The contract consists of the following documents: Notice of Request for Proposals; Introduction and Overview; Proposal Preparation Instructions and Specifications; Evaluation and Selection Process; Instructions, Terms, and Conditions; Specifications / Scope of Work; Proposal Form; and the Agreement, including all modifications and other documents thereof duly incorporated therein. All of the foregoing documents are intended to cooperate and be complementary so that any instructions or requirements called for in one and not mentioned in the other, or vice versa, are to be executed the same as if mentioned in all said documents. The intention of the documents is to include all labor, materials, equipment, transportation, and services necessary for the proper delivery and installation of all items called for in the Contract.

28. Contract Term and Renewal: The term of this contract shall be for one (1) year, from July 1, 2026 through June 30, 2027. If mutually agreeable, the District reserves the right to renew the contract for two (2) additional one-year periods (not to exceed a total of three (3) years). This renewal is contingent upon competitive pricing and upon all terms and conditions of the original contract having been met to the satisfaction of the District. Such renewal will be made by notifying the Vendor, in writing, thirty (30) days prior to the expiration of the contract.

29. Firm Price: All [Bread products](#) price quotations will be based on a cost-plus formula. The cost-plus formula will consist of actual costs plus a percentage figure markup, which represents the percentage that will be charged above the actual costs. Contract prices awarded as a result of this price request shall remain firm for the contract period. Vendor must communicate in writing any changes (up or down) in price to the Child Nutrition Services Director 30 days preceding the effective price change. The District reserves the right to request verification of any change in prices. The price per unit percentage markup must remain firm for the full contract period. In the event of a price change effective between the opening date of the RFP and the inception date of the contract, the successful vendor shall reflect any decrease and may reflect any increase at the beginning of the contract.

The pricing submitted for the initial term of the contract will remain fixed through June 30, 2027. Pricing agreed to for the second and third years will remain fixed throughout each contract period ending June 30, 2028, and June 30, 2029, respectively. The Awardee may only petition for an increase in pricing annually 120 calendar days before the end date of each contract period, as long as price increases do not exceed the rate of inflation determined by the Consumer Price Index (CPI) San Diego-Carlsbad Index, published by the U.S. Bureau of Labor Statistics. If the Awardee requests price increases that exceed the rate of inflation determined by the CPI, the contract may not be renewed. The District reserves the right to accept or reject the price increase and may choose to re-RFP the contract if it is deemed to be in the best interest of the District.

- 30. Price Decreases:** If prices decrease during the term of this contract, the Awardee must notify the District of the lower prices so that all subsequent orders will reflect accurate pricing. The lower prices shall remain in effect for the balance of the contract period, or for as long as the lower prices are in effect.
- 31. Discounts, Rebates, Allowances, and Incentives:** During the term of the contract, the Awardee shall ensure that all discounts, rebates, allowances, and incentives received by the Awardee from its suppliers are fully disclosed to the District. If the Awardee receives a discount, rebate, allowance, or incentive from any supplier, the Awardee must disclose and return to the Solana Beach School District the full amount of the discount, rebate, or applicable credit that is received based on the purchases made on behalf of the District. All discounts, rebates, allowances, and incentives must be returned to the Solana Beach School District within fifteen (15) working days following receipt by the Awardee.
- 32. Assignment of Contract:** The successful Proposer shall agree not to assign, transfer, convey, sublet, or otherwise dispose of the items appearing on this proposal form, which he may be awarded, or any rights accruing thereunder, title or interest therein, funds to be received hereunder, or any power to execute the same without the consent in writing of the District Governing Board. Notice is hereby given that the District will not honor any assignment made by the Contractor unless the consent in writing, as indicated above, has been given.
- 33. Force Majeure Clause:** In the event that performance on the part of any party hereto shall be delayed or suspended as a result of circumstances beyond the reasonable control and without fault or negligence of said party, none of the parties shall incur any liability to the other parties as a result of such delay or suspension. Circumstances deemed to be beyond the control of the parties hereunder shall include, but not be limited to, acts of God or the public enemy, insurrection, acts of the federal government or any unit of state or local government in sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes or delays in transportation, to the extent that such circumstances are not caused by the party's willful or negligent acts or omissions, and to the extent that they are beyond the party's reasonable control.

35. Termination of Contract Clause: The District may at any time, with or without reason, terminate the Contract and compensate Contractor only for services satisfactorily rendered to the date of termination. Written notice by the District shall be sufficient to stop further performance of services by the Contractor. Notice shall be deemed given when received by the Contractor or not later than thirty (30) days after the day of mailing, whichever is sooner. The District's right to terminate under this paragraph shall be in addition to any other rights reserved to the District under this Agreement.

The District may terminate this Contract upon giving written notice of intention to terminate for cause. Cause shall include: (a) material violation of this Contract by the Contractor; or (b) any act by Contractor exposing the District to liability to others for personal injury or property damage; (c) or if Contractor is adjudged a bankrupt, and Contractor makes a general assignment for the benefit of creditors or a receiver is appointed on account of Contractor's insolvency; or (d) if the Awardee fails or neglects to supply or deliver any of said goods, articles, or services at the prices named and at the times and places as stated herein, the District may, without further notice, cancel and rescind this contract or may purchase said good, supplies, or services elsewhere, and hold the Awardee responsible and liable for all damages which may be sustained thereby, or on account of the failure or neglect of Awardee in performing any of the terms and conditions of this contract; if being specifically provided and agreed that time shall be the essence of this agreement.

Written notice by the District of termination for cause shall contain the reasons for such intention to terminate, and unless within thirty (30) days after service of such notice the condition or violation shall cease, or satisfactory arrangements for the correction thereof be made, this Contract shall upon the expiration of the thirty (30) days cease and terminate. In the event of such termination, the District may secure the required services from another contractor. If the cost to the District of obtaining the services from another contractor exceeds the cost of providing the service pursuant to this Contract, the excess cost shall be charged to and collected from the Contractor. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to the District. Written notice by the District shall be deemed given when received by the other party, or no later than thirty (30) days after the day of mailing, whichever is sooner. The foregoing provisions are in addition to and not in limitation of any other rights or remedies available to the District.

36. Damage: The Awardee shall promptly correct all deficiencies, defects, and/or damages in equipment or products delivered to the District in accordance with this solicitation. 37. Prevailing Law: In the event of any conflict or ambiguity between instructions contained in this solicitation and state or federal law or regulations, the latter shall prevail. Additionally, all items to be supplied or services

- 45. Proposal Warranty:** Awardee warrants to the District that all goods and services rendered shall conform to the contract requirements (including all descriptions, specifications, and attachments made a part hereof), and will be fit for use as reasonably intended by the parties. While onsite, Vendor shall not obstruct any passageways or other means of egress and shall not leave the site without first securing the work area and eliminating any hazardous condition resulting from the Vendor's activities.

50. Product Substitution/Manufacturer's Brand Change: This contract does NOT allow for product substitution without written authorization from the Director of Child Nutrition Services or designee. If during the course of the contract there is a brand change, the Awardee shall not automatically substitute the product. Awardee shall submit specification and/or a sample (upon request), for approval prior to any future shipment. If the new brand is accepted, all other terms, conditions, and prices shall remain in effect. No substitutions shall be made without prior written permission by the District. In the event the vendor is unable to deliver an item as specified in this contract, notification of shortage must be made by electronic mail at least 72 hours prior to scheduled delivery to the Director of Child Nutrition Services Department.

51. Variations to Specification: For purposes of evaluation, Awardee must indicate any variances from the specifications and/or conditions, no matter how slight. If variations are not stated in the offer, it will be assumed that the product fully complies with specifications.

After the contract has been awarded, all foods, beverages, supplies, and equipment furnished must comply with the specifications and will be subject to inspection and approval by the Child Nutrition Services Department. The District reserves the right to reject, at the risk and expense of the Awardee, any portion of any offer which may be defective or fail to comply with specifications. Any such rejection shall not invalidate the remainder of the award.

- 52. Estimated Usage Quantities:** The quantities specified herein are estimates only and are not a guarantee of actual quantities to be purchased. They are subject to change in order to meet the needs of the Child Nutrition Services Department. The actual quantities required may be substantially more or less than indicated herein. Purchase order quantities and issuances will be made on an as-needed basis, depending on customer participation. At no time will the District be compelled to use proprietary items that are identified as being exclusive to this RFP.
- 53. Notification of Late Delivery:** The Awardee shall promptly notify the Food and Nutrition Director or designee a minimum of 72 hours in advance if an item cannot be delivered within the specified delivery time. The District reserves the right to purchase food at a fair market value from another source. **Should late delivery(ies) impact a district's ability to obtain federal and/or state reimbursement for meals because product was not delivered on time, the District shall have the right to charge the successful Proposer the full value of lost revenue.**
- 54. Product Quality Control:** The District reserves the right to discontinue service of all or any portion of this contract resulting from: (a) reasons determined to be detrimental to the health and welfare of students and school personnel, or (b) failure to meet contract specifications and/or wholesomeness standards; and to hold the Awardee in default. All products received under this contract shall be processed according to the health and sanitation standards for plant facilities and food processing established by the locality, state in which Processor's plant is located, or by the applicable federal standards, whichever is higher.
- 55. District Inspection:** All items shall be subject to the inspection of the District. Inspection of the items shall not relieve the Awardee from any obligation to fulfill this contract. Defective items shall be made good by the Awardee, and unsuitable items may be rejected, notwithstanding that such defective work and materials have been previously overlooked by the District and accepted. If any item shall be found defective at any time before final acceptance of the complete delivery, the Awardee shall immediately remedy such defect in a manner satisfactory to the District.
- 56. Audits, Inspection and Testing:** The successful Proposer shall submit to third party audits and/or inspections initiated by the District during the term of the contract and for one year following the end of the contract. Audits and/or inspections will serve to ensure compliance with contract terms, food safety guidelines, pricing, and billing. Successful vendors must take steps to correct findings identified during audits and/or inspections, including financial restitution for any pricing or billing errors which may have occurred during the length of the contract period.

57. “Buy American” Provision: Solana Beach School District participates in the National School Lunch Program and School Breakfast Program and is required to purchase, to the maximum extent practical, domestic commodities or products for school meals [7 CFR 210.21(d)]. A domestic commodity or product is defined as one that is processed in the United States using substantial agricultural commodities that are produced in the United States. Substantial means that over 51% of the final processed product consists of agricultural commodities that were grown domestically.

To ensure compliance with the Buy American provision, the District requires interested Vendors to submit a certification of domestic origin, and/or a copy of each product label showing domestic origin, for each food product included in their proposal. The District may deem a proposal as non-responsive if such certification and/or product labels are not included with their proposal. Noncompliance with the Buy American Provision may result in contract cancellation.

Exceptions to the Buy American Provision are very limited and may only be used as a last resort, when one of the following two conditions exist:

- (1) The product is not produced or manufactured in the United States in sufficient and reasonably available quantities of a satisfactory quality including but not limited to items listed in 48 CFR 25.104; or
- (2) Competitive bids reveal the costs of the domestic commodity or product are significantly higher than the nondomestic commodity or product.

Vendor shall not exceed federally mandated annual caps for non-domestic food purchases (10% in 2025, 8% in 2028, 5% in 2031 as provided in 7 CFR 210.21(d)). Vendor shall cooperate with monitoring and documentation as directed by the District.

If a Vendor is proposing one or more non-domestic food products in their proposal, they must include a written request for exception to the Buy American Provision. Each exception request must include:

- A description of the proposed non-domestic product, including its country of origin;
- Alternative domestic products that the Vendor considered and the reason they were substituted with a non-domestic product (availability or price); and
- Evidence supporting the reason for the proposed non-domestic product (e.g., documentation of limited availability or price discrepancy).

In accordance with “Buy America” and “Buy California”, every effort will be made to provide first locally grown (within 250 miles), then California grown, then American grown produce. If Local, California or American grown produce is unavailable in sufficient quantities to provide affordability, then only produce inspected and approved by USDA is acceptable. Produce certified free from pesticide residues is preferred when available and competitively priced.

Vendor shall retain: (1) compliance/exception documentation for audit as required by 7 CFR 210.21(d) and USDA checklist.

- 58. New Product Procurement after Contract Award:** The District reserves the unconditional right to add other items to the contract after the contract has been awarded to a Vendor. Prices shall be based on the same terms and conditions contained herein and include Free on Board (FOB) delivery in which items are placed in designated areas at the individual school sites.
- 59. Prohibition on Poultry from China:** The Consolidated Appropriations Act of 2021 (Public Law 116-260), Division A, Section 764, prohibits Child Nutrition Programs from using federal funds to purchase raw or processed poultry products that are imported to the United States from the People’s Republic of China. As a participant in the National School Lunch Program, the District must comply with this requirement by requiring Vendors to certify that no poultry products from China will be provided to the District. **Vendors must complete the certification form regarding poultry products from China and submit it with their proposal.**
- 60. Non-Collusion Affidavit:** Each Vendor submitting a proposal shall execute and submit a non-collusion affidavit in the form attached hereto. Failure to submit such a non-collusion affidavit shall be grounds to reject an offer as non-responsive.
- 61. Equal Employment Opportunity:** In connection with the execution of this contract, Proposer shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, or national origin. The Proposer shall take affirmative actions to ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, or national origin. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising, lay-off, termination; rates of pay or other form of compensation; and selection for training, including apprenticeship.
- 62. Drug-Free Workplace:** Awardee warrants that Vendor is knowledgeable of the Drug-Free Workplace Act of 1990 (Government Code Section 8350 et seq.) regarding a drug-free workplace and shall abide by and implement its statutory requirements. The District may terminate this Agreement and/or remove Vendor or any of Vendor’s employees, agents, representatives, or volunteers or other persons on the District property for use of tobacco products, drugs, or alcohol.
- 63. Tobacco-Free District:** The Solana Beach School District has been designated as a tobacco-free District. Tobacco use (smoked or smokeless) is prohibited at all times on all areas of the District property and in the District vehicles. The District may terminate this Agreement and/or remove Vendor or any of Vendor’s employees, agents, representatives, or volunteers or other persons on the District property for use of tobacco products, drugs, or alcohol.

64. Fingerprinting Requirements: Education Code Section 45125.1 states that if employees of any Vendor providing school site janitorial, administrative, landscape, transportation, food-related or similar services may have any contact with any pupils, those employees shall be fingerprinted by the Department of Justice (DOJ) before entering to determine that they have not been convicted of a serious or violent felony.

An exception would be if the employee(s) only has limited contact with students and will be in the presence and supervision of school district adult employees 100% of the time that students will be present. If this is the case, Awardee shall certify on the Contractor & Subcontractor Fingerprinting Certification form regarding requirements in lieu of fingerprinting each employee.

65. Americans with Disabilities Act: Awardee shall comply with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations (42 U.S.C. 12101 et seq.).

66. Certifications Regarding Suspension and Debarment, Lobbying: Contractors who will perform more than \$100,000 in business with the District during the fiscal year must complete the Suspension and Debarment Certification form, Certification Regarding Lobbying form (and, if applicable, Disclosure of Lobbying Activities form), included as a part of the RFP package. The District is prohibited from contracting with Awardees that are on the U.S. General Services Administration's Suspension and Debarment List. The Suspension and Debarment Certification is required to document that the Awardee or any of its key employees have not been debarred, proposed for debarment, or suspended by a Federal agency. Additionally, the District is required to obtain information from the Contractor regarding lobbying activities. If the debarment/suspension occurs during the term of the contract, the District will not exercise its right to renew under the contract conditions.

67. Safety Data Sheet: For all products requiring a Safety Data Sheet, as defined under OSHA's Hazard Communication Standard 29 CFR 1910.1200, the District requires that a Safety Data Sheet accompany all orders at the time of delivery.

68. Product Shortages: The Awardee shall stock items proposed in this solicitation with the guarantee to the District that there will be no stock out. Awardees must contact the District within seventy-two (72) hours of a stock-out beyond their control. If the Awardee is unable to supply any product listed herein, the District may purchase such product at a fair market value from another source. The difference in cost and all delivery charges shall be the responsibility of the Awardee.

69. Product Recall: In the event an Awardee's product is recalled, Vendor will immediately notify the Director of the Child Nutrition Services Department. Awardee will be responsible for picking up product and providing replacement, payment, or credit at the District's discretion. Replacement, payment, or credit for recalled items shall be made within 30 days of the date of notification to the District.

- 70. Usage Reports:** Awardee must provide timely usage reports in accordance with Child Nutrition Services Department requirements. The Awardee must maintain and provide perpetual usage reports by line item, purchasing unit, selling price, and school delivery site, as well as for the District lump sum. Usage data must be maintained so that the Awardee can report the number of units delivered, at a specific selling price, in the event of erroneous pricing. Usage reports must show data by purchasing unit (package, loaf, etc.), as well as by dollars, and be submitted on both a monthly and annual basis. Usage reports shall be submitted as requested. Payments for the month prior to the due dates of usage reports may be withheld at the discretion of the District until acceptable reports are received.
- 71. Gifts and Gratuities:** It is the policy of the District not to accept gifts, gratuities, or favors of any kind, or of any value whatsoever, from prospective contractors, members of their staff, or families.
- 72. Specifications and Conditions:** All Bread products shall be delivered as fresh as possible. All suppliers shall comply with the U.S. Pure Food and Drug Act, California Department of Agriculture requirements, county and city laws and ordinances for their production handling, processing, marking and labeling. All prepared produce products must be prepared without the use of sulfating agents.
- 73. Packaging:** Packages shall be so construed as to ensure safe and sanitary transportation to the point of delivery. Damaged containers may be rejected and returned for credit or immediate replacement to the original site at no cost to the District for product or delivery. All packaging materials shall be FDA approved and meet all pertinent state and federal regulations for safe use with foods. Packaging materials shall impart no odor, flavor, or color to the product. Cases or product shall be clearly and legibly labeled with product name, code, weight, and count. All costs for containers shall be borne by the vendor.
- 74. Ordering:** The District prefers to place orders online and receive an email confirmation, however, if an order needs to be placed manually with the delivery driver or over the telephone, a written copy of the order must be left with the person in charge at Child Nutrition Services or a follow-up email confirmation must be received. The District reserves the right to add, remove or delete a product based on school needs.
Only vendors with no minimum order requirements will be considered for the award. The District will make every effort to ensure orders are greater than \$300 each.
- 75. Delivery:** The District reserves the right to make additions to, or deletions from, the list of delivery locations included in these RFP Documents to be served at any time during the period of the contract, and revise delivery times as required. Dark drops will not be accepted unless mutually agreed upon by both parties. If a scheduled delivery day is a holiday, deliveries will occur on the next business day after the holiday or on a mutually agreed upon alternate delivery day. Delivery vehicles are to be cleaned on a regular basis, free of excessive dirt and debris and clearly labeled with the name of the vendor.

All deliveries are to be placed into the designated storage/cooler area, at the delivery site, by the delivery driver. Delivery schedule is to be pre-scheduled to coincide with school and existing route flow for responder's best reduction of expenses, mileage, and time.

All deliveries must be accompanied by an invoice. Invoice is to include, for each item: item identification, unit price, price extension and total price of delivery. Sufficient time must be allowed at time of delivery for adequate inspection of product, not only for quantity, but also quality of product. Invoice will be signed only after inspection of product. The District reserves the right to reject products delivered in error, not delivered according to specifications, of sub- standard quality or unusable due to code date.

The District will not pay shipping and handling charges, nor shall the District pay for any fuel surcharges. Additionally, all prices offered by Proposers, must include on site off loading and inside delivery.

76. Criminal-History Background Checks: Education Code section 45125.1, subdivision (a), requires that entities under contract with the District shall ensure that each employee who interacts with a student outside the immediate supervision and control of the student's parent or guardian, or of a District employee, shall have a valid criminal records summary as described in Education Code section 44237. Education Code section 45125.1, subdivision (c), authorizes the District to require compliance with the foregoing requirements with respect to employees in addition to those within the scope of Education Code section 45125.1, subdivision (a). Therefore, the Consultant and its Sub-Consultants shall comply in all respects with the requirements of Education Code section 45125.1. To the greatest extent permitted by law, the District may impose other requirements designed to protect students in connection with the performance of the Scope of Services. Any Consultant that is a sole proprietor shall have an immediate and affirmative duty to inform the District of such status so as to allow the District to comply with Education Code section 45125.1.

Where permitted by law and relevant to job duties, the check shall also include driving record (for any driving duties) and credential/licensure verification (for roles requiring licensure).
- 2.3. The Vendor shall conduct background checks in compliance with all applicable laws, including fair credit reporting laws and anti-discrimination requirements, and shall use a consistent, job-related adjudication matrix. Upon request, the Vendor shall provide the District with written certification of completion and satisfactory adjudication for each applicable individual, without disclosing protected or unnecessary personal information.

3. Conditional and Escorted Access

- 3.1. If operational needs require Vendor Personnel to begin work before completion of the background check, such individuals may only perform work under continuous, line-of-sight escort by District personnel authorized by the District, and may not have Direct Student Contact or Unescorted Access to Student Areas until the background check is completed and adjudicated as satisfactory.
- 3.2. The District reserves the right to deny or limit access for any individual pending completion of required checks.

4. Exemptions

- 4.1. Background checks are not required for Vendor Personnel who:

6. Rosters; Updates; Removals

- 6.2. The Vendor shall notify the Institution in writing within two business days of learning of any new assignment, role change that affects access level, or any information that may impact a prior adjudication.
- 6.3. The District may, in its sole discretion, deny or revoke Campus access for any individual based on safety, security, or noncompliance concerns.
- 6.4. The Vendor shall promptly remove from performance any individual who fails to meet the requirements of this section or whose role changes in a manner that triggers mandatory checks until such checks are completed and adjudicated as satisfactory.

7. No Right of Access; District's Determinations

- 7.1. Compliance with this section is a material obligation. The District's determinations regarding Student Areas, Direct Student Contact, Unescorted Access, and exemptions shall be final for purposes of access control and safety.
- 7.2. Nothing in this section requires District to disclose its security protocols or to allow access where the District determines that safety, security, or risk considerations warrant denial or additional conditions.

8. Costs; Recordkeeping; Audit

- 8.1. All costs associated with required background checks shall be borne by the Vendor unless otherwise stated in the Contract.
- 8.2. The Vendor shall retain documentation evidencing completion and adjudication of required checks for not less than three years after the end of the Contract and shall make such documentation available for District review upon request, subject to applicable privacy laws.

Nothing contained in this Agreement shall create any contractual relationships between any subcontractor and the District. All persons engaged in the work will be considered employees of Vendor. 1. **District's Discretion:** The purpose of this RFP is to assist the District in selecting an experienced and qualified Vendor, based on price and overall evaluation, as determined by the District in its sole discretion. Therefore, the District has and shall retain the sole discretion to implement any methods or procedures for selection of a Vendor as the District deems appropriate in order to secure the most cost-effective solution for the District. Without limiting the foregoing, such procedures may include review of proposals and interviews of one or more prospective Vendors by a review and selection committee composed of any of the Districts' employees, officials of other public agencies, consultants, community members and/or others. The District reserves the right to request additional information and/or clarifications from any or all Vendors that respond to this RFP.
2. **Timing for Selection:** The District anticipates awarding the contract by April 16, 2026, with the goal of entering into an agreement to fulfill the requirements of the District. However, the District reserves the right, in its sole discretion and at any time prior to entering into any such agreement, to alter its anticipated scheduling as related to selection of a prospective Vendor.
3. **Evaluation Criteria:** Contract award will **NOT** be based on price alone. Factors will include price, number of items bid, number of non-proprietary items bid, ease of online ordering, lead time, minimum delivery requirements, emergency service, references, experience, and previous history with Solana Beach School District.

Proposals that are timely submitted and are not subject to disqualification will be reviewed in accordance with the evaluation criteria set forth in this solicitation. The District will make its determination based on the best interests of its students, faculty, staff, and business operations of the District. The District's decision will be final.

Each proposal will be reviewed prior to the selection process for completeness and adherence to format. A response will be considered complete if all requested sections are included in the proper order and properly completed.

4. **Screening and Evaluation of Proposals:** Each Vendor's proposal will be subjected to an evaluation and selection process. The first stage will begin with a review of the response to the proposal. A proposal must meet all mandatory modules/functions to be considered.

Proposals not meeting mandatory requirements, or found to be incomplete, will not be considered. Proposals not deemed within the competitive range will not be considered. The District may disqualify any Vendor for any reason or no reason but not for a fraudulent reason.

The District may choose to ask clarification questions in writing and include the additional information gathered in the process. This may include an in-person(s) interview with prospective Vendors.

Evaluation and rating of the responses will be based on:

- Information provided by the Vendor in their response.
- Information provided by the Vendor in the response to the District clarification questions.
- Information from reference checks.

The Awardee will be chosen based on the following evaluation factors and their relative points in the scoring process:

Geographic Location	10
Presentation - Required Documents completed and submitted	5
