

**Sacramento City Unified School District
Board of Education Meeting**

February 5, 2026

Written Public Comments

Name:	Rose Ramos
School:	Maple School Building
Agenda Item #	3.4
Comment:	board agenda 2/5/26 item 3.4 - property under negotiation with La Familia - the Board should not hesistate to provide this property to the La Familia and the community it belongs to - this property surplus resulted from the District unfairly closing Maple elementary that primarily served Latino students in the area - the impact of this closure was harmful to the Latino community, fortunately La Familia rescued the vacant school and developed much need comprehensive services to students of SCUSD and their families including education, health, community events, etc. Denying La Familia this property will deprive SCUSD students of much needed services and leave a devastating void. In fact, La Familia is providing services to SCUSD students that should have been provided by SCUSD. As a community member, taxpayer & grandparent of SCUSD I fully support La Familia taking ownership of the Maple School Property at no additional cost to La Familia. Rose Ramos LPSB
