Agenda Item #	8.1b and 8.1c
Comment:	On February 2, the Board of Education president provided a statement detailing significant fiscal mismanagement, including overspending in contracts, leading to an even larger deficit than was previously projected. However, in reviewing the agenda for the February 5 board meeting, consent items 8.1b and 8.1c include millions of additional dollars in proposed spending above original contract amounts. This seems to be part of the core fiscal challenge of the district. These items should be removed from the consent calendar and justification should be provided as to why additional funding of those items is appropriate in light of the broader spending plan. Thank you.
