ADVANCED PLACEMENT 2-D ART

In AP 2-D Art and Design, you'll use the skills you learn in the course, and your own ideas, to create unique works of art. Throughout the course, you'll develop an inquiry that guides artmaking through practice, experimentation, and revision of materials, processes, and ideas while demonstrating 2-D art and design skills through graphic design, sequential art, photography, collage, printmaking, illustration, industrial design, animation, game design, painting, fibers, and others.

Skills You'll Learn

- Investigating the materials, processes, and ideas that artists and designers use
- Practicing, experimenting, and revising as you create your own work
- Communicating your ideas about works of art and design
