

Genesee County Career and College Access Network

Advancing Career and College Access Together

The Genesee County Career and College Access Network (GCCCAN) is a collaboration of schools, colleges, nonprofits, businesses, and community organizations working to increase the number of students who pursue and complete college or postsecondary credentials. GCCCAN provides opportunities to communicate, collaborate, and connect information, resources, and events specifically related to career and college access for Genesee County students.

GCCCAN brings together local partners and efforts to reduce barriers and align resources with a common goal to increase educational attainment and career opportunities in Genesee County.
