

CCSD Seeks Community Input on Proposed School Start Time Changes

Subject: CCSD seeks additional feedback for school start times - 3-minute survey

The Clark County School District (CCSD) has launched a follow-up survey for the community starting today, December 1, as CCSD considers shifting school start times. The first survey was successful and CCSD heard from our community that they would like additional options to weigh in on.

Parents/Guardians, students, CCSD staff, and community members are encouraged to fill out the survey online at ccsd.net/starttime between now and 5 p.m. Friday, Dec. 19. It should take approximately 3 minutes or less to complete.

The goal is to create a schedule that better serves the community.

Before making this districtwide decision, we want to hear from every family about your thoughts on the proposal.

Please take our 3-minute survey: ccsd.net/starttime

Why This Matters

This decision has the potential to impact every student, family, staff member, and stakeholder in our district, as well as businesses and other interested parties. Your help in sharing this survey will ensure we hear from as many voices as possible

How to Participate

The survey is available online at ccsd.net/schoolstarttime from Dec. 1 - Dec, 19, 2025.

The survey asks about potential impacts on family schedules, transportation, childcare, work arrangements, and student activities. All responses are anonymous and will help inform the decision-making process.
