Introduction of Class III School Safety Officers

Dear North Caldwell School District Families,

The safety and well-being of our students and staff remain a top priority of the North Caldwell School District. As part of our ongoing efforts to maintain a safe, secure, and welcoming learning environment, we are writing to inform you that the district will be introducing Class III School Safety Officers in our schools beginning February 18, 2026.

Class III School Safety Officers are retired law enforcement professionals who meet New Jersey's strict certification and training requirements to serve specifically in school settings. Their role is to enhance school safety, support emergency preparedness, and build positive, trusting relationships with students and staff. They are not responsible for routine student discipline, which will continue to be handled by school administrators in accordance with district policies.

The presence of a Class III Officer adds an additional layer of safety while allowing our schools to remain focused on teaching, learning, and supporting the social-emotional development of our students. We are committed to implementing this initiative thoughtfully and transparently, and we recognize that families may have questions.

Additional information, including a **Frequently Asked Questions** section, **Parent Talking Points**, and **"Meet the Officers"** biographies, is available on the North Caldwell Schools website (ncboe.org) by clicking the "District" tab on the homepage. We will also continue to share opportunities for families to learn more, including a dedicated "Meet and Greet" evening with the officers in March.

Thank you for your continued partnership and support.

Sincerely,
Chris Checchetto
Superintendent of Schools
