OR **Erica Rainsberry**, Clara Barton Hawthorne assistant principal,
rainsbe@fargo.k12.nd.us or 701.446.4456 for more information.

Seeing the school year become a centenarian is cause for celebration. Friday, February 6 is the 100th day of school for the 2025-26 school year and kindergarteners at several of Fargo Public Schools' elementary schools are observing the milestone with events, activities, and theme days related to the number 100.

Kindergarten classes at Madison will be creating hats that say "I'm 100 Days Brighter," counting objects up to 100, writing about their favorite memories from the past 100 days, doing math stations to see what they can create using math manipulatives of 100, and enjoying a "You're a Smart Cookie" snack.

Kindergarteners in Krista Hoeg's class at Jefferson Elementary School will spend the day participating in many activities surrounding the number 100 including counting to 100 by counting a variety of objects. Students have also been encouraged to dress like they are 100 years old.

Hawthorne Elementary School kindergarteners will create a 100th day crown, count and eat 100 snacks at snack time, conduct a 100 licks experiment to see if a sucker is gone after 100 licks, and play a Race to 100 math game.
