ROLE OF EDUCATION IN THE AI ERA

By learning to safely use AI and modeling AI literacy for students, we are fulfilling our professional duty to Volusia Schools' vision of **"creating life-long learners prepared for an ever-changing global society."**

CHOOSING AI TOOLS: SAFETY FOR ALL

It is a school district's legal obligation to protect data privacy when considering which AI-powered tools to use in classrooms. VCS carefully reviews tools & requires data protection agreements (DPA) for every vendor we provide to employees and students. All employees are provided choice, training, and support for creative, efficient and safe use of AI tools to improve their daily work. Using unsupported AI tools is not permitted on the Volusia network.
