

EAGLE NEWS

Anderson Island Elementary

January 23, 2026

Good afternoon Eagle Families,

We had a great week here at Anderson Island Elementary. The weather gave us some beautiful days—definitely on the colder side—but our students didn't miss a beat. Our kids have been kind, focused, and working hard each day, continuing to show what it means to stay Anchored in Excellence in our classrooms and across campus.

As we head into the weekend, a quick reminder about staying healthy. We've had several students home ill lately, and we appreciate everyone doing their part to help keep our school community well. Getting plenty of sleep, washing hands regularly, eating good food, and staying home when feeling unwell all make a big difference. Thank you for your partnership in helping us take care of one another.

Next week, we're excited to officially kick off our Spring semester! We also have something special to look forward to—next Friday, we'll be celebrating Rose's birthday, and we're all very excited to help make it a memorable day.

As always, remember to get outside and play a little this weekend, enjoy some rest, and keep reading together at home. We look forward to seeing everyone back next week.

See you all next week.

— Mr. Miller

January 26, TK will begin to ride the bus

Simple Machines

We are learning about simple machines in preparation for April's Inventors Month! The six simple machines we are working on are the lever, wheel and axle, pulley, inclined plane, wedge, and screw, all fundamental tools that make work easier by changing the direction or magnitude of a force and forming the basis for more complex machines. Unfortunately, I didn't get any pictures of our catapults last week-we were too busy creating. This week, we explored wheels and axles.

FUNDRAISING

**\$20/DOZEN GLAZED
SINGLES AVAILABLE!**

Fri, Jan 30 at Girls' JV & Varsity Basketball Games*
Fri, Feb 06 at Boys' JV & Varsity Basketball Games*
