Placing 4th and 6th in such a competitive field is a remarkable feat that ranks them among the very best singers in our area. This success is a direct result of their dedication and vocal skill, and having them represent our school at the region level is a proud moment for our music program. While at the festival, they will also have the prestigious opportunity to audition for a spot in the All-State Choir. Beyond the competition, these festivals are a unique masterclass where students get to work with top-tier conductors and learn how to blend their voices with an elite group of peers. This experience pushes them to master much more challenging music than they would find in a typical classroom, helping them grow as both performers and leaders. They return to our school with new skills and a level of musical confidence that inspires the rest of our choir.</p> |      |          |

Secondly, it will serve to prepare students for possible future trips (dependent on COVID and possible travel bans), including familiarizing students with the places we plan to visit, what they should expect, and preparations they need to make for the trip, such as applying for a passport, luggage requirements, expectations, etc. We will also provide opportunities for fundraising some of the cost of their trip. This year Culture Club has done many high school activities from helping with the Hispanic Heritage Festival in the fall, collaborating with other local districts at Salsa on the Square to bringing in a Mariachi band to share part of a culture many of our student body identifies with in the building. We hope by taking this field trip it exposes the students in the club to other cultures and promotes cultural diversity that can later be shared with peers upon their return. The students in our club are from many parts of the world and that is why the club officers decided they wanted to take a field trip to an area close to us that has so much culture and diversity.
