PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

After conducting a thorough needs assessment, various team meetings have been conducted across the district including school meetings, community meetings, district meetings, and finally leadership team meetings to prioritize findings from the needs assessment. Our biggest needs relate to the lack of technology needed for blended and virtual instruction. We also have many needs related to providing a safe and secure environment for all students and staff members where we will need to purchase equipment and supplies. We will also need to provide for mental health support and professional development in the areas of health concern and providing effective virtual and blended learning environments.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Upon returning to school in the fall, all students in grades k-12 will be assessed using our i-Ready assessment program. Teams of teachers will analyze that data along with other data gathered to create educational plans for all of our students. Teachers will have collaborative meetings with parents to ensure partnerships with student plans. Teachers will utilize small group instruction and blended learning opportunities to meet the needs of students. Intensive after school interventions will be offered to all students. The district will offer an intense summer school opportunity for students in the summer of 2021.
