Balance & Rigor

It is important for students to consider what is best for them & their schedule. Rigor is relevant to the student. Finding a healthy balance between a challenge & not over doing it is important.

Factors to Consider

- Extracurriculars/Sports
- Religious Activities
- Outside of School Interest
- Transportation Availability (if taking an online class)
- Family Obligations
- Academic Strengths, Weaknesses, & Interests

Schedule Changes

Students will not be able to move up in rigor once their schedule request is made. Students are not allowed to move from online to in-person setting and vice versa. Students will be permitted to drop down in rigor during the first two weeks of school.

SCHEDULING FAQs

1. How many classes does a student take?

Students take 6 classes + 1 lunch (total of 7 periods) every day. Students will take 4 core classes (ELA, Math, Social Studies, Science) every year + electives.

2. What are the options for electives?

The elective list and course catalog can be found at <https://milton.fultonschools.org/academics/academics-overview/overview>

3. Can I take online courses?

We do not recommend that 9th grade students take online courses. This allows our 9th grade students to adapt to the high school curriculum, meet other students, and get more involved. However, all students at Milton are permitted to take up to three online courses in their daily schedule.

4. What is the difference between on-level, honors, and AP?

- On-Level = College-Prep Courses
- Honors = Advanced College-Prep Courses
- Advanced Placement (AP) = Standardized College-Level Courses; students take a standardized national exam in May and may earn college credit based on exam performance.

5. I am a TAG student. How does that work in high school?

Students classified as Gifted in Fulton County are expected to pursue advanced coursework in their fields of passion. This pursuit is indicated on their transcripts as Gifted Participation. Gifted students have the opportunity to earn Gifted Participation Credit by enrolling in at least one of the following each semester: 9th Grade Students – Any AP class; Honors Biology; Honors 9th or 10th Literature; Honors Math that is at least 1 grade level above

6. Can I have a free period?

No free periods for any student. Beginning in the 26-27 SY, all 9-12th graders must take a full schedule of 6 classes every year.

7. Can I take summer classes?

Yes, students can take online courses over the summer. Online classes over the summer have a fee and are only 5 weeks long; students can expect to spend up to 3 hours/day per 0.5 credit they take. FVS classes cannot be accessed outside of the US.

8. What if I change my mind on the classes I have requested?

Students can drop in rigor (AP to Honors or On-Level) during the first two weeks of the semester only. After the course registration deadline in Spring 2026, students will not be able to request to go up in rigor or register for online courses.

9. Can I change my teacher?

Schedules are not changed for teachers.

10. How does lunch work? Can I change my lunch?

Students are scheduled for one of the three lunch periods (3rd, 4th, 5th). Students' lunch period may change second semester depending on what classes they are taking. Lunch lasts a whole period and students may not leave the cafeteria unless they have a pass. Students are not allowed to leave campus for lunch or order food delivery. Schedules are not changed to accommodate preferred lunch periods.

11. Is there a school supply list? What about a PE uniform?

Students will receive a syllabus the first day of class that will list the specific supplies they will need. Every student should show up to class with paper and pen/pencil. School devices will be given out during the first 2 weeks of class. PE uniform information/fees will be shared the first day of school in class.

12. What happens if I fail a class?

Your school counselor will help you schedule appropriate credit recovery. Both the original failing grade and new credit recovery grade will be on the transcript.
