

# Valley Grove School District

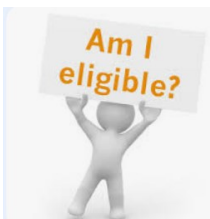

## VALLEY GROVE SCHOOL DISTRICT

**Pre-K applications for 2026-27 will be accepted beginning February 9, 2026. Students must be 3 years old by August 1, 2023. Check out the VGSD website or social media accounts for links to the applications packet or stop by VGE to pick up an application.**

*This preschool program is a Pre-K Counts grant-funded program funded by the PA Commonwealth that provides a FREE, high-quality pre-kindergarten education to families who meet the age requirements, financial criteria, and submit a complete packet. A very small number of seats are district funded.*

**Please see the program requirements for detailed information on eligibility. Applications are reviewed and prioritized based on families who meet the age, need, and financial criteria. Priority enrollment is granted to students who will attend kindergarten the following school year.**

The VGE Pre-K classroom is aligned with the Early Childhood Learning Standards. Daily attendance is expected. The Pre-K program follows the same attendance calendar and times as VGE. Pre-K students can ride VGE buses with VGE elementary students. Each classroom is limited to 18 students. A developmentally appropriate schedule is utilized for the Pre-K classrooms. The focus of the Pre-K classroom is to develop social and emotional skills to support learning.

Fill out the interest survey to let us know you have a child that would be eligible for Pre-K Counts! Use the QR code to access the survey.
