

Serbia

My research project is about Serbia. The population of Serbia is 6,689,039 people and its size is 84,990 square kilometers. The capital of Serbia is Belgrade, which is also the largest city in Serbia, with a population of 1.6 million people. The origin of Serbia's name is from the Slavic language likely meaning "kinsman" or "ally". The current Serbian president as of 2025 is Aleksandar Vucic.

Serbia is located in the European continent. The neighboring countries are Romania, Hungary, Croatia, Bosnia-Herzegovina, Montenegro, and Bulgaria. It was founded as a state in the 9th century.

Serbia's famous landmarks include Tara National Park, Djavolja Varos, & Uvac Special Nature Reserve.

The famous people today are Novak Djokovic, Nikola Karabatic, Vlade Divac, and Jelena Jankovic. The religion is Eastern Orthodoxy, and their language is Serbian. The foods are cevapi, Pljeskavica, sarma, gulas, gibanica, and burek.

The clothes are embroidered sleeveless vests, shirts, and wide pants or skirts. Their main music/dances are Kolo with folk music, pop, rock, and turbo-folk. Their holidays are New Year's, Orthodox Easter, & Serbia Statehood day.

Serbia has no states, but is divided into two autonomous provinces. The tallest mountain of Serbia is Midozor. It belongs to the Balkan mountains. The longest river in Serbia is the Danube river. The river is 1,775 miles long. The flag of Serbia represents courage, faith, and peace. Symbolizing unity and historical continuity.
