Discussion Notes	Discussed SGP Data – It is looking good! The trajectories are increasing for Star Reading and Star Early Lit. We don't want to wait until May to see we tanked, so we are taking a mid-data point in February. Each grade level had an increase in SGP on Star Reading Data. Admin and teachers have targeted the students that have had low growth and low achievement. Star Early Lit K-3 had an increase of students performing on/above grade level. SGP was 50% and above for K, 2, 3, below for 1st at 39%. iReady math great increase of 40% percentile across school. Every grade level was about 50% for growth.
Conclusion	The data looks good, and we will continue working on the areas that are needed.
