

Summer Learning Opportunity With Americorps

Camp KinderReady is for children in Derby Public Schools who will start kindergarten in the 2026-2027 school year. There will be math and reading games, but also time to practice skills like balancing a lunch tray and learning what to expect in school. We hope to make the transition into school as smooth as possible for your little scholar by giving them a no pressure, fun introduction to the classroom setting. The first session is from June 1-25 and the second is July 6-22. This program will take place Monday through Thursday for three hour morning sessions.
