

Gifted Newsletter

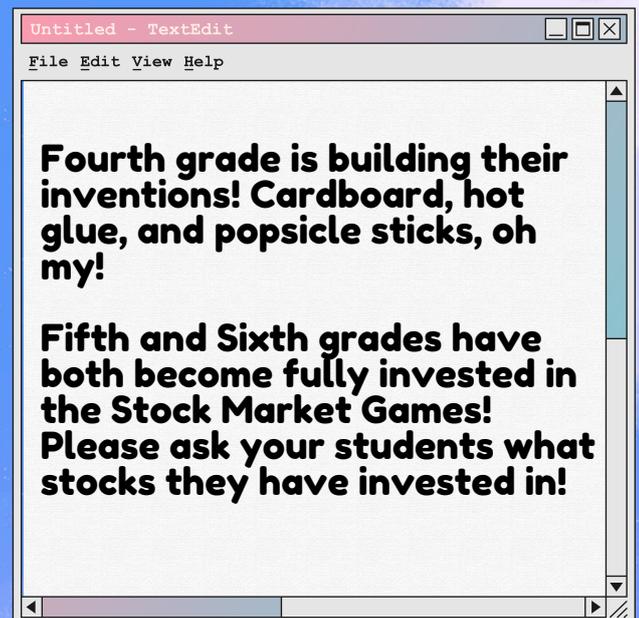

February 13, 2026 (11th Edition) [First Result](#)

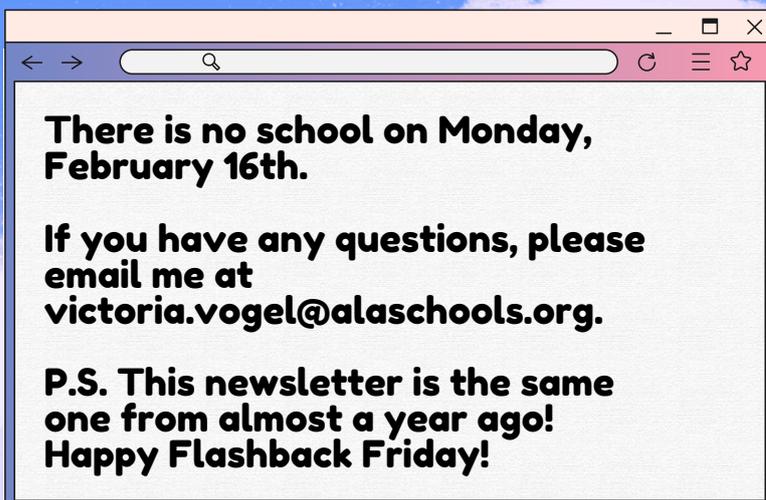

First and Second grade continued learning about fractions and their equivalency! Up next? Monarch butterflies.

Third grade is wrapping up their planetary brochures! Ask your student about their planet. You may find a new vacation spot!

Fourth grade is building their inventions! Cardboard, hot glue, and popsicle sticks, oh my!

Fifth and Sixth grades have both become fully invested in the Stock Market Games! Please ask your students what stocks they have invested in!

There is no school on Monday, February 16th.

If you have any questions, please email me at victoria.vogel@alaschools.org.

P.S. This newsletter is the same one from almost a year ago! Happy Flashback Friday!
