

# HOLLIS-BROOKLINE ROTARY CLUB

## **LONG-TERM** STUDENT EXCHANGE

**HBHS Parents: Bring the World Home**  **Become a Rotary Exchange Host Family**

As HBHS parents, you already know how powerful the high school years are. Now imagine giving your family—and your student—a front-row seat to the world, without leaving Hollis or Brookline.

Rotary Youth Exchange is looking for host families within the Hollis Brookline school community to welcome an international exchange student who will attend HBHS next school year. These students are academically motivated, carefully screened, and excited to experience American high school life—classes, clubs, sports, prom, and everything in between.

 **What hosting really looks like:**

- A student who attends HBHS just like your own
- A spare bed, meals, and inclusion in everyday family life
- Support from local Rotary members and school liaisons
- Flexible options: families can host for part of the year or the full year

 **Why HBHS families love hosting:**

- Your student gains global perspective without leaving home
- Exchange students enrich classrooms, clubs, and school culture
- Families form lifelong bonds—many hosts gain an “international kid” forever
- Rotary provides guidance, backup, and community support throughout the year

You don't need special experience—just a willingness to open your home and share what makes HBHS and our community special.

If you've ever thought, “This could be a great experience for my family”—you're probably right.

**Interested or curious?**
