100TH DAY CELEBRATION!

Mrs. Fox's Class

Mr. Quarne's Class

On February 6, 2026 the kindergarten students at Nasonville celebrated the 100th day of school by doing a variety of activities. All of the kindergarten students were asked to dress how they thought they would look when they are 100 years old. Students had a lot of fun on this special day of the year!

**Check out the great student artwork in this newsletter!*

PRINCIPAL'S CORNER

WHEN TO KEEP YOUR ILL CHILD HOME FROM SCHOOL

As parents we have all had the following scenario happen...you're getting ready to go to work and your child says, "I don't feel good." Your mind immediately goes to all of your tasks for the day as you try to determine if your child really needs to stay home or if they should tough it out.

Keep your child home from school if they have any of the following symptoms:

- Fever (over 100 degrees)
- Lethargy
- Persistent Crying
- Difficulty Breathing
- Influenza
- Diarrhea or Vomiting

By keeping your child home, you will help to lessen the risk of spreading your child's illness to others. Also, if you see a doctor, please be sure to ask them how long your child should be out of school. Often times, children return too early and become ill again very quickly. If your child is prescribed an antibiotic they should remain home for 24 hours after the first dose. **If your child has the flu, they should remain home for 24 hours after the fever and other symptoms have stopped.**

Be careful to not keep your child home too quickly. Children who are absent for more than 10 days in a school year may be required to obtain physician statements for ongoing absences.

VALENTINE DELIVERIES

Please refrain from sending balloons and gifts to your children at school for Valentine's Day.

Plan to celebrate the special day at home with your family, and our teachers will make it special at school too.

UNEXPECTED EARLY DISMISSALS

Tis' the season for unpredictable bad weather. With that in mind it is imperative that families are prepared for unexpected early dismissals. Be sure that your family has a plan in place of how your child(ren) will be getting home.

Please prepare your child with special directions in case school would be canceled during the school day. Does s/he know how to get into the house if you are not home? Does s/he know where to call you?

On days of questionable weather, cancellations will be posted on the radio, WDLB AM 1450, the District website, www.marshfieldschools.org and the Skylert Calling System will be activated. Cancellations are posted in these areas as soon as they are determined. **Please do not inundate the school office with calls inquiring about cancellations without checking these other avenues first.**

LUNCH ACCOUNTS

With the beginning of 2024 we would like to remind families with low lunch account balances to send money to the office. You can also pay online! Your family account balance is sent home weekly if your balance is at \$10.00 or below. Remember, students with a negative balance need to bring money or a cold lunch. If you have any questions or concerns about your account balance, feel free to call Mrs. Junco in the school office. Free and Reduced Meal applications are available online if needed.

Keep in mind that if your child is getting a milk only, or is getting an extra milk, they will be charged 50 cents for each milk.

If you have any questions or concerns about your account balance, feel free to call the school office.

Open School Enrollment Application Dates 2026-2027

The 2026-2027 regular open enrollment application period is February 2 - April 30.

The open enrollment application will be available at www.dpi.wi.gov/open-enrollment and must be submitted during that time. No paper applications will be available. This website also answers many questions. Early or late applications cannot be accepted. A computer is available in all school libraries and the Board of Education Office for your use.

If you do have any questions, please contact Tacey at 715-387-1101 (ext-1109).

MARK YOUR CALENDARS!

Nasonville School 2026

FORWARD TESTING DATES

Grade 3 April 13 – 15

Grade 4 March 23 - 30

SOAP

LOTION
SHAMPOO
TOILET PAPER
PAPER TOWEL
MOUTH WASH

**ITEMS WILL BE DONATED TO SHIRLEY'S HOUSE OF HOPE
AND RONALD MCDONALD HOUSE**

All About Optimism

Parents,

Hello! Here at school, we have been very busy learning about optimism- what it means and why it's important! Learning happens best when it is done both at school and at home. Below are many ways that you can help your child continue to learn about the theme of optimism through reading about it, talking about it, and practicing it! We have enjoyed exploring this topic at school, and I hope your family will enjoy it just as much!

Read About It!

Here are some books to help you learn more about optimism:

- *The Energy Bus*
by Jon Gordon
- *Spin*
by Rebecca Janni
- *When Pigs Fly*
by Valerie Coulman
- *Some Dogs Do*
by Jez Alborough

Practice It!

Give your child some sticky notes, and write encouraging messages on them to encourage optimism and positive thinking. Put the sticky notes throughout the house – on the bathroom mirror, on the walls, on the refrigerator, etc. as a reminder to be optimistic!

Talk About It!

Here are some discussion points to help you talk about optimism with your child:

- What does optimism mean to you?
- How can optimism help you?
- What can make it difficult to be optimistic?
- What are some positive things you can tell yourself when you are feeling discouraged?
- What do you think you could accomplish if you were more optimistic?
