Information for Course Selection

You will be requesting your courses for next year at Paly through Infinite Campus.

1. All freshmen should enroll in classes for seven periods--including Ethnic Studies/World History, English, Math, Science, and P.E. Ethnic Studies, World History, Science and English are already in IC. Students may choose their Math, Science and World Language courses after reviewing their teacher's recommendation; we strongly recommend that students go with their teacher's recommendation.

2. Students must be enrolled in and attend a P.E. class in order to receive a grade and credit. P.E. credit is NOT given for participation in sports. Please note that "0" period PE is offered. This class begins about 1 hour before the regular start of school, and meets 4 days a week. Students choosing "0" period PE will have a prep during the school day; they may not take 8 classes.

3. Athletes: If you plan on participating in a Paly sport, please type "Athletics" in the course search box. Choose the course that corresponds to the sport you anticipate playing at Paly. These are only for Paly sports - not club sport teams. Please see reverse side of this sheet for more information. This does not guarantee that you will make the team you indicate. Do not count these when adding up the number of courses selected.

4. If you are genuinely interested in TEAM, choose "8460 Intra TEAM" as one of your course selections, however, do not count it in the number of courses you have selected, so you should still choose 1 elective. In other words, it will look like an 8th class.

5. Please see reverse side of this sheet for information on PAUSD graduation and CSU/UC A-G college admission requirements.

6. Note: 9th grade courses do not receive weighted credit for PAUSD GPA.
