2026-27 Course Request Process

February 24th:

Course Guide and supporting material available on the Issaquah High School counseling website under the "Course Requests" option. Teachers will lead a presentation on the CRP process during Homeroom. Grade level specific resources are available sorted by graduation year at the bottom of the course request page.

Students will be reminded of the resources they can use to review their academic history, check their progress with graduation requirements, and will be directed to supporting resources to help them make thoughtful course requests for next year.

February 25th:

Skyward Student Access opens at 8 am for students to start submitting requests.

February 24th and 25th:

During block classes on this day, students will receive information in each class period related to appropriate choices for the following year in that subject area. Example: Current math teachers will go over options for the following year and make math recommendations during block period whenever you have math.

February 26th:

During 1st period students turn pink form into 1st period teacher ***after taking a photo or copying down their requests.***

February 24th – March 6th

Counselors will be available for quick appointments for course request questions. It is advised that students review online materials prior to making an appointment. Many general questions can be answered in the materials or presentations from teachers. More specific or individual questions can be answered in appointments.

Students can also access counselors during **lunch drop-ins Feb 24th-March 6th**. Counselors will see students as they arrive during their lunch periods. Counselors will be visiting the middle schools on **Friday, Feb 27th and will not be available for lunch drop-ins on this day.**

March 6th @ 8am:

ALL **course requests DUE**. Course requests AND alternates need to be entered into Skyward. Students must enter 7 credits and 3-4 alternates. This must be done via *Student Access*, not with parents/guardian logins.

Late August 2026:

Students can log in to Skyward and view their schedules. If the student needs to request a change to the courses they are enrolled in (for limited reasons), there will be specific instructions for schedule change requests/timelines provided at this time.
