CARL JUNCTION INTERMEDIATE

JUNIOR HIGH ENROLLMENT

Take a deep breath parents of all sixth graders! It will soon be time for Junior High enrollment. Sixth grade will tour the Junior High the morning of February 18th and counselors will speak to the students about enrollment. Watch for enrollment forms to come home.

SUMMER SCHOOL ENROLLMENT

Carl Junction Intermediate School will be offering Summer School for students from May 27 through June 23. The registration deadline is March 6. Parents should use the Google registration link to enroll their student as soon as possible. Early registration is important so we can determine staffing needs and ensure appropriate class sizes. If you have already registered your child, please do not register again.

CLASS PARTIES

Valentine's Day parties will be February 13th starting at 1:15 pm. Parents will be able to enter classrooms at 1:10 pm. Each student is allowed to have two adults attend the party. Tickets will be sent home with each student. Those tickets will be your entry in to your student's homeroom. If you have multiple students in multiple buildings, please check times with each building as times may vary.

NURSE NEWS

STAYING HEALTHY IN COLD WEATHER

As colder weather settles in, I'd like to remind families to help students come to school prepared for outdoor recess. Even on chilly days, fresh air and movement are an important part of the school day, please be sure your child brings a warm coat each day. Hats, gloves, and scarves are also encouraged, especially as temperatures continue to drop. Labeling items with your child's name can help keep track of them during busy school days. Cold and flu season is in full swing, which makes good hygiene habits more important than ever. Please remind your child to wash their hands often and avoid touching their face. If you have any questions or concerns, please feel free to reach out to the health office.

FEBRUARY NEWSLETTER

CARL JUNCTION INTERMEDIATE

DURABLE SKILL OF THE MONTH: LIFE SKILLS

This month, we are highlighting the importance of Life Skills the everyday abilities students need to navigate real-world situations with confidence and independence. Life skills include decision-making, organization, time management, problem-solving, and the ability to adapt to new challenges. By practicing these skills at school and at home, students learn how to take responsibility, persevere through challenges, and make thoughtful choices.

We encourage families to help reinforce these habits by giving children opportunities to plan, organize, and make age-appropriate decisions. Together, we can help students build strong foundations that will support them throughout school, career, and life.
