Lexiles By Grade Levels

PRINCETON PUBLIC SCHOOLS

Lexile levels help match students with books that are not too easy and not too hard. Reading at the "just right" level builds confidence, comprehension, and vocabulary. Your child's Lexile level grows with practice! Please spend 20 minutes a day reading with your child.

TIP: Let your child pick books they enjoy within their Lexile range! Look for Lexile info on library websites or at Lexile.com. Scan the QR Code to find tools on bookwizard.scholsatic.com

FUN FACT: Once a student is able to read at a specific lexile it's time to level up! Students should get excited to move to a higher lexile.

FUN FACT: If students are passionate about a topic they are often familiar with the vocabulary related to the topic. They will be able to read about the topic at a higher lexile than other topics!
