Say it, Tap it, Map it, Write it, Fix it, Read it!

1. Say the word
2. Finger tap the sounds then say how many sounds

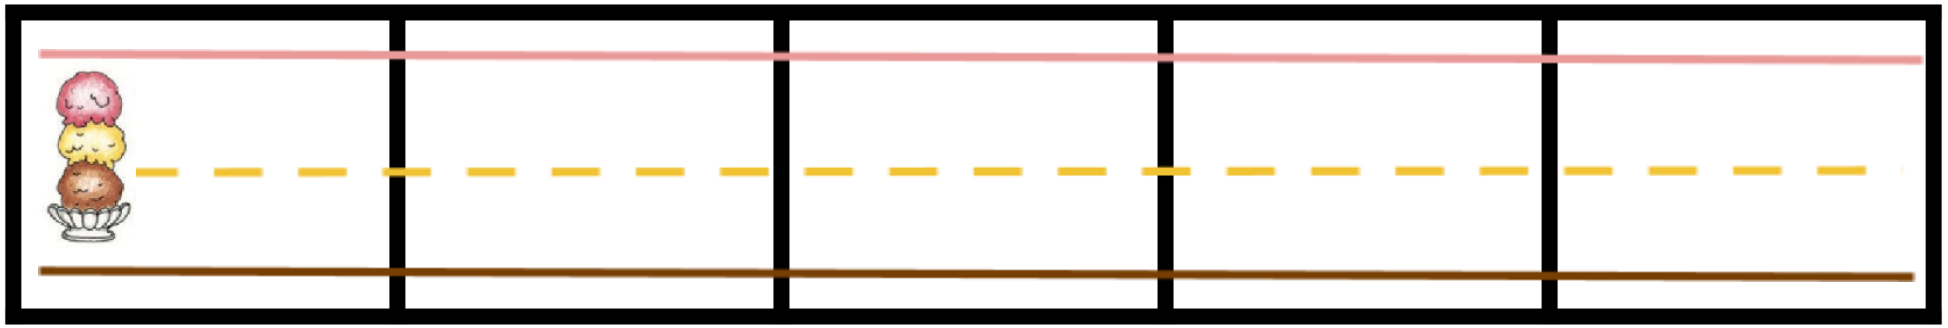

3. Pull chips down to boxes *(each box represents a sound)*

4. Touch each box and say thesounds

5. Write the letters that make the sounds

6. Say each sound again touching the letters

7. Glide your finger beneath the word and blend the sounds to read the whole word
