

Discovery Program

Four-week, paid summer internship opportunity at Microsoft Atlanta for the high school class of 2026!

The Discovery Program is a 4-week program for graduating high school seniors. In partnership with business teams and Microsoft employees, Discoverers gain hands-on experience, develop career readiness skills, and receive mentorship. The Program focuses on technical & core skilling (Networking 101, Resume/LinkedIn Support, Figma, and more) and project experience (focused on understanding the skills needed to develop a project, write a project spec, and pitch to senior leadership).

Join us on **Tuesday, February 10** at **6pm EST** via aka.ms/DiscoveryATLsession26 for an optional student information session to learn more about the program.

Feel free to direct questions to DiscoveryProgram@microsoft.com!

Program Qualifications

- High school graduating senior who attends school in Atlanta Public Schools, Clayton County SD, Cobb County SD, DeKalb County SD, Douglas County SD, Fulton County SD, or Gwinnett County SD
- Enrolling in bachelor's degree program in fall 2026
- Demonstrated interested in tech
- At least 16 years old and available to work full-time onsite for 4 consecutive weeks (**July 6 - 31, 2026**)
