Student Center

Today we're highlighting ROP: Intro to Criminal Justice/Criminal Investigations. Nationwide, there are about 62,200 openings each year for police and detectives, on average, over the decade.

If you like problem-solving, ethics, and investigation, this pathway is for you. Learn more about criminal justice careers and the ROP pathway today by visiting the Student Center at lunch.

Reminder: Tomorrow is our CTE Lunch Showcase! Meet us in the Student Center during lunch to explore in-depth, hands-on information about CTE pathways, meet your ROP Ambassadors, and get the inside scoop on how to add a pathway to your schedule next school year.

ATTENTION Juniors & Seniors

If you're curious about STEM careers (science, engineering, technology, medical, robotics, lab sciences—anything in that world), this is your sign:

Crafton Hills College is hosting their **THIRD ANNUAL STEM SUMMIT** on Friday, February 20, 2026 from 9:30 AM–2:30 PM!

You'll get to experience the Crafton's STEM journey through hands-on activities, interactive lab tours, and real STEM lessons with their instructors— a field trip that will help you explore what you might want to do after high school.

If you want to attend, permission slips can be picked up in the Student Center and must be turned back in to the Student Center by next Thursday, February 12th.

Spots go fast— pick up your permission slip today in the Student Center and lock in your place!
