GO-TO-MARKET MESSAGING

KEY EMPHASIS IN GO-TO-MARKET MESSAGING

- Expanded K12 Reg Ready portfolio, more cereals ≤6g added sugar per oz
- Bowlpak cereal is low labor, budget-friendly, & ☑ *K-12 REGULATION READY*
- Kid-loved brands drive participation!

OPERATOR BENEFITS

- Meets new USDA Product Standards for Added Sugar
- Enables continued menu variety that drives participation
- CACFP Eligible (All) Smart Snack Exempt (Apple Cinnamon Cheerios & Frosted Corn Flakes) + Gluten Free (Apple Cinnamon Cheerios)

WHAT'S CHANGING *see NISS for details by SKU*

- Added Sugar moving from 8-9g → 6g to meet USDA standard
- Newly CACFP eligible!
- ☑ *K-12 REGULATION READY* added to case for easy distinction
- Updating product description to "25% Less Sugar" For Apple Cinnamon Cheerios & Golden Grahams
- Updated lid design on Frosted Flakes

WHAT'S NOT CHANGING

- K12 Crediting, **No Artificial Colors or Flavoring**, Case Size, Pallet Configurations, Allergens
- **NO UPC CHANGE**

REASONS TO BELIEVE

- Operators need to convert ahead of 7/1/25 implementation date
- Many like-items are ***not*** compliant & Kellogg's Flake SKUs disco'd *as of July 2024*

*New 2G Cup Frosted Corn Flakes

Updated Nature Valley & Pillsbury K12 Breakfast Items

General Mills FOODSERVICE

September 22, 2025

Valued Customer,

General Mills Foodservice is announcing product updates for select Nature Valley™ and Pillsbury™ K12 Frozen Breakfast items. We are reformulating many SKUs within our breakfast portfolio to **help operators meet SY27-28 weekly added sugars limits.** For a small number of SKUs, we are pairing these formula changes with longer shelf-life and case liner removal.

Cases with updated product will start flowing into market **beginning in October 2025**.

What's Changing

- Ingredient Declaration/Nutrition Facts Panels (12 SKUs)
- Longer Shelf Life (5 SKUs)
- Case Liner Removal (2 SKUs)

What's Not Changing

- Price
- GTIN/UPC Code
- Case/Pallet Configurations

Impacted SKUs:

(see following pages for full details)

- Jan 2026: *Baked potato chip portfolio will be baked with olive oil*

SODIUM REDUCTION

From 90 mg to 80mg of sodium for 1 OEG

Coming Soon!

From 230 mg to 200mg per serving

From 160mg to 150mg sodium per 2 OEG serving... Approximately 20% less sodium than a 2 OEG roll/biscuit

CULINARY EVOLUTION

Providing fun, flavorful menu options to delight and excite our consumers

- Breakfast expansion
- Mid-day solutions
- Lunch options satisfying various consumer needs

THESE NATURAL INGREDIENTS PRODUCE SIMILAR HUES AS PART OF A FINAL FORMULATION THAT OFFERS THE SAME GREAT TASTE

Annatto Extract

Extract of annatto, a orange-red condiment and food coloring derived from the seeds of the achiote tree (*Bixa orellana*), native to tropical parts of the Americas.

It is often used to impact a yellow to ref-orange color to foods.

Paprika Extract

Extract of paprika, the ground dried pod of the plant species Capsicum annuum – the same species that ranges from sweet bell peppers to hot chilies.

Its brilliant red hue adds an appetizing appeal to a wide range of products, from sauces and dressings to snacks.

Spirulina Extract

Extract of Spirulina, derived from algae found in freshwater and marine habitats. Its lush blue-green color comes from the antioxidant phycocyanin.

Used in a wide range of foods and beverages, including dairy products, baked goods, and dietary supplements.

Turmeric Extract

Extract of turmeric, derived from the roots of Curcuma longa and member of the ginger family.

Turmeric imparts a rich, warm golden hue to foods. It is an essential ingredient in Indian dishes such as curries, condiments, chutneys and pickles.

Vegetable Juice

Vegetable Juices, produced from mature varieties of edible vegetables, add rich color to foods and beverages.

Vegetable juice concentrates commonly used for color include carrot, beet and red radish juices.

WE WILL CONTINUE TO SERVE STUDENTS, PARENTS, AND SCHOOL NUTRITION EXPERTS WITH PRODUCTS THAT OFFER GREAT TASTE AND QUALITY, WHILE ACHIEVING NUTRITIONAL STANDARDS

STUDENTS

Various Students' Demographics Spanning Grades K–12

- Preferences differentiate
- Early adoption and influence on total portfolio
- Elementary students, highest K–12 enrollment population, are critical in consideration set

PARENTS

Parents Have Strong Influence Across Multiple Platforms

- Evolving demands of "Nut Free"
- Impact participation and spend
- Advocate at PTO meetings and presence at school board meetings

NUTRITION SERVICES

Sophisticated, Experienced Foodservice Teams

- Must balance the desire for flavor, consumers' nutritional needs, and external macro factors
- Focus across centerplate, a la carte, and vending machines
- Larger districts have bigger teams across various levels
  - Director, Registered Dietitian, Chef, Purchasing, Staff, etc...

Triennial Assessment

- ✅ **What it is**: A required review conducted every three years to evaluate how well our district's wellness policy is being implemented and followed.
- 🎯 **Why we do it**: It helps us measure our progress and identify improvement areas.
- 📊 **Completed:** Our assessment has been completed and documented using the comparison tool.
- 🌐 **Post** the result of the Triennial Assessment on FCBOE

Thank you!
We appreciate your attendance today.
