2025-2026 Budget Narrative

Upper Lake Unified School District

District Business Office, Michael Kauble – Chief Business Official

UPPER LAKE UNIFIED SCHOOL DISTRICT

2025 – 2026 Annual Budget Report

Summary

The 2025 – 2026 Annual Budget Report is based on the best available information from the State of California at the time it was prepared. The Annual Budget Report is the first of four reports presented to the board over the course of the Fiscal Year.

State of California Budget: 2025 – 2026

While the State of California Budget is still being negotiated in the Legislature and is not expected to be signed off until June 15th, Upper Lake Unified School District is still required to develop and pass its budget by June 30th; the day the Governor is required to sign the budget.

At this time, many of the provisions championed by either the Legislature or the Governor are still in play. This includes additional funding for the new Transitional Kindergarten requirements of 10 students to every classroom adult (one of which must be a credentialed teacher), money for a Reading Intervention Coach, and more.

As usual, the Legislature has a super majority and can pass the budget as a single body should they so choose. In past years, both the Executive and Legislative Branches have worked together in finalizing the State budget.

The annual Cost of Living Allowance (COLA) was established at 2.43% in the Governor's January Budget. The latest proposal, as of the Governor's May Revise Budget, is 2.3%. Although the Governor has committed to fully funding the 2.3%, that will remain a subject of negotiation until both groups approve.

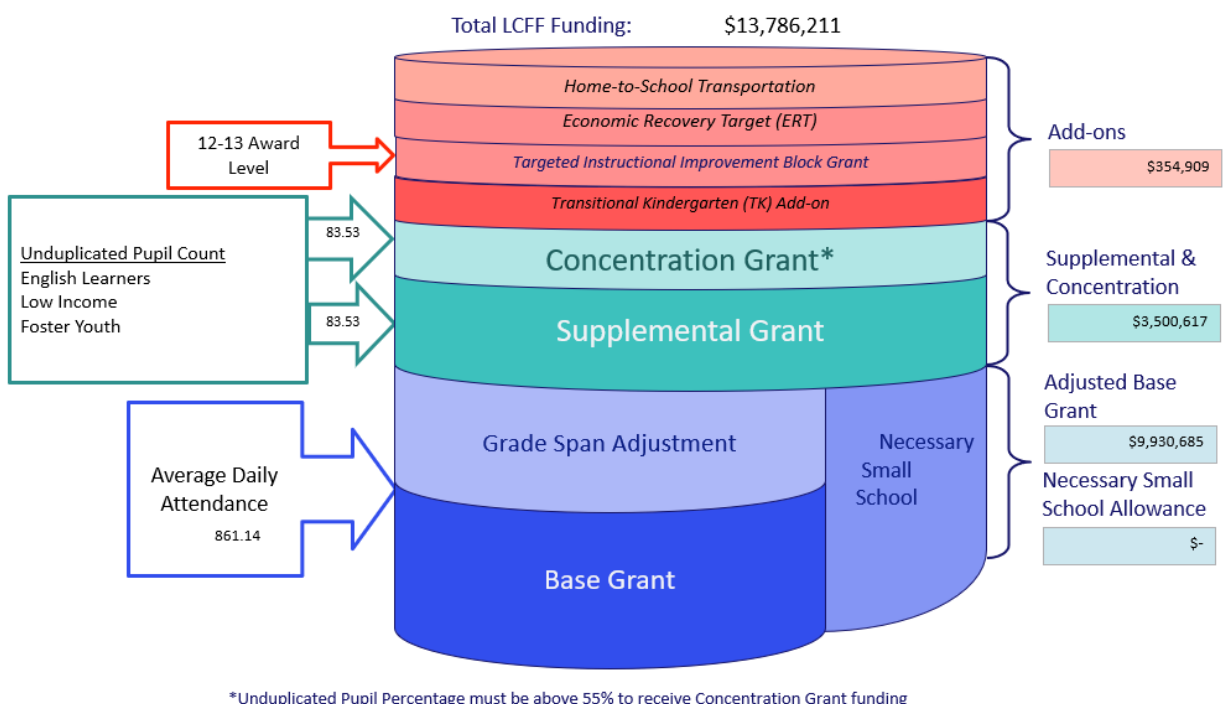

The Upper Lake USD budget has been built around the 2.3% proposed COLA for this year, as well as the COLA estimated for the next two years by School Services of California (SSC).

ULUSD Budget: 2025 – 2026

The ULUSD Budget is multi-faceted, with a wide range of funding both Unrestricted and Restricted, made up of Federal, State, and Local monies. Of all the funding streams, Local Property Taxes are the most stable and dependable. State funding is dependent mostly on three different revenue sources: Personal Income Tax, Sales Tax, and Corporation Tax. Each of these three have their downside as a stable source of funding. Federal funding, while mostly stable in the amounts, can often find itself the subject of Congressional review.

State funding is often not finalized until August or September, with Federal funding not always known until September or October. Districts are tasked with using the most current information available to build their budgets, while building in the flexibility to adjust and adapt to changing conditions.

The current budget as presented for adoption includes the proposed COLA and estimates of other state funding based on the Local Control Funding Formula (LCFF) Calculator as provided by the Fiscal Crisis and Management Assistance Team (FCMAT). See the graph below:

Federal funding is based on the previous year's revenue and estimated for the current year and the out-years. Property Taxes are estimated using amounts of the past year.

Average Daily Attendance (ADA)

Public School Districts are, at their core, not revenue generators, rather, they are expenditure managers. What this means is that there are very few opportunities for us to control the amounts we received. In fact, the only real way we can increase our revenue is by increasing attendance. During the 2023 – 2024 Fiscal Year, we saw increased enrollment and increased ADA. This year (2024 – 2025), although the enrollment increase was there, the ADA fell below 91%. This affected our overall funding for the current year and 2025 – 2026.

For the 2025 – 2026 Fiscal Year, the State of California has provided Districts with the tools to better educate our students while raising our ADA. These tools come in the form of Attendance Recovery.

Attendance Recovery allows us to engage in afterschool tutoring and Saturday School. Both methods will allow students to work to recover their lost learning while allowing the District to increase its ADA percentage. Attendance at Saturday School and tutoring are also able to be banked for future absences.

Negotiations

At this time, negotiations have been settled with the California School Employees' Association (Chapter #427) for the 2025 – 2026 Fiscal Year. The changes to salaries have already been incorporated into this budget model.

Negotiations with the Upper Lake Educators' Association are still ongoing for the 2025 – 2026 Fiscal Year.

Multi-Year Projections (MYP)

A school budget is representative of a snapshot in time. As mentioned above, with the State of California budget still being negotiated, this budget will most likely change over the next few months.

What is always more difficult to predict is the two out-years required and presented in the form of the MYP. This form (FORM MYP) will show the 2025 – 2026 Fiscal Year, as well as the 2026 – 2027 and 2027 – 2028 Fiscal Years. Conventional Wisdom has shown that the further out you try to predict, the more difficult the calculations are.

For our MYP, we are predicting a modest 1.5% growth to both enrollment and ADA. Should we see a significant rise in our 2025 – 2026 ADA, we will adjust our funding model to account for the increase.

For the two out-years, we are anticipating additional Special Education staffing in an effort to reduce or eliminate our current use of contractors. This is the reason for the decrease in the 5000-5999 (Services) and the increase in the 1000-1999 (Certificated Staff) in the MYPs. This change will also show an increase in the 3000-3999 (Employee Benefits).

How Lean is this Budget?

This budget was developed with staffing levels for General Education Classes satisfied, but with vacancies still existing in the Special Education Department. These vacancies are often filled with consultants (due to statutory need) rather than by employees, which costs quite a bit more than if we had our own specialists on staff.

Many of the budget areas relied on carry-over funds to fully fund the needs of the staff and students. Should we need to, based largely on ADA, we will need to make reductions mid-year to maintain the ability for funding the out-years.

Mid-Year Budget Adjustments

In November, we will look at our ADA to-date and make the determination regarding Mid-Year Budget Adjustments. If our ADA remains low (comparably), we will begin the process of making Mid-Year Budget Reductions. It is expected that these reductions will affect every site and department Districtwide.

Maintaining Fiscal Stability is key to our continued operations. Although we may have a substantial wish list of items that we would like to purchase, that list may need to be shortened.

Conclusion

This is not the first year we have discussed low ADA, tight budgeting, or mid-year reductions. Some of the reasons we need to address the low ADA as well as our expenditures is the uncertainty of what the State Budget will eventually look like, along with the nebulous numbers adopted for our ADA.

Regardless of our ADA, Mid-Year Reductions, or other stumbling blocks we may encounter this year, we will continue to have the tools on-hand to educate our students and care for our staff. We have spent several years building our programs and taking a conservative approach to budgeting. This is the year we will begin to see this strategy deliver.

While we hope the State budget is favorable in the end, fully funding the Transitional Kindergarten, etc., hope is not a strategy. We are secure in the knowledge that we will be able to continue our existing programs without much interference.

We will have a much more comprehensive report when we present the Unaudited Actuals in September.

EXPLANATION FOR BALANCE

The District maintains a reserve above the state recommendation for the following reasons:

Maintain Cash Flow - With state mandated cash deferrals and shortfalls at the beginning of the school year, it is imperative to maintain budget liquidity.

Address Unexpected Costs - The District may encounter students with unique and special needs that exceed the immediate ability to pay.

Save for Large Purchase - This includes technology, textbooks, and equipment.
