CONNECTED COMMUNITIES:

Strengthening Relationships for Children's Success

Exploring Ideas & Opportunities Designed to Nurture Success Together

Join us for an event where families and educators team up to discuss the importance of meaningful social-emotional learning.

You'll hear about:

- **how relationships help children feel safe, confident, and ready to learn**
- **insights families and educators can use every day**
- **how families & educators can work together to support a child's growth**
- **how strong connections build resilience and lifelong skills**

We are excited to welcome **Jeanine Fitzgerald**, a well-known educator, author, and advocate for children and families, as our keynote speaker.

Educators who attend will receive professional development hours.
