Rogue River School District Receives \$25,000 Grant to Support School-Based Health Center

Rogue River, Ore. – Rogue River School District has been awarded a \$25,000 grant from the Oregon Community Foundation to support the existing school-based health center which provides accessible medical and mental health care to students through a partnership with La Clinica.

“This fund will support important work in our community to address the health and wellness of our students,” said Patrick Lee, Superintendent of Rogue River School District. “We’re grateful to strengthen these critical services already available on our campus and grateful for the support of the Oregon Community Foundation.”

The grant is funded by the William and Florence Schneider Fund of Oregon Community Foundation. The funding will help the district support and strengthen the existing school-based health center, ensuring students can access healthcare conveniently, supporting both their academic success and overall well-being.

The school-based health center is operated in partnership with La Clinica, which provides medical and mental health services to students and families in the Rogue River community.

About Rogue River School District

Rogue River School District is dedicated to providing high-quality education and fostering a safe, supportive environment for all students. The district offers programs that address academic, social, and emotional development while strengthening the local community.

About Oregon Community Foundation

Oregon Community Foundation (OCF) connects donors with community needs and provides grants to improve the quality of life across Oregon. Founded in 1973, OCF is one of the state’s largest and most trusted philanthropic organizations. More information is available at oregoncf.org.
