THE FOXHOLE FLYER

PRINCIPAL MESSAGE

Hello VOL family!

We've officially reached the halfway point of the third quarter, and this is a great moment for students to reflect on their progress and set goals for a strong finish. Our team is here to help every step of the way.

Beginning this month, we're excited to offer Math and English Language Arts tutoring for students in grades 6–12. Those who receive invitations are strongly encouraged to attend, as these virtual sessions provide targeted support to boost academic skills. However, all students in grades 6–12 are welcome to sign up, and additional details will be shared soon.

For our elementary families, tutoring opportunities are also on the way, and your child's teacher will provide more information directly.

A big thank-you to everyone who joined us for another successful STEAM Night last week! We loved seeing families explore hands-on activities and learn about exciting careers in Science, Technology, Engineering, Art, and Math. A special shout-out to Mrs. Horn and her incredible team for organizing yet another outstanding event for our community.

Thank you for your ongoing support and partnership. Have a great week!

Dr. Serrianni

IMPORTANT REMINDERS

- Virtual attendance is recorded based on student progress in their virtual course. If a student is working in their course and on pace, they are marked present. If a student is not working and behind pace, they are marked absent. Please create a weekly schedule to ensure your student completes all assignments each week to avoid unexcused absences.
- Our target completion date for the third quarter is **March 6th**. This allows students the opportunity to complete their assignments, receive teacher feedback, and resubmit for a higher grade prior to grade reporting. This also allows teachers to meet with students for Help Me Sessions, grade all work, and schedule needed DBAs prior to posting report card grades. Students who are on pace earn an extra week of Spring Break. A win-win for all!

UPCOMING EVENTS

-  **Lego Club & Robotics Club Meeting – February 10** 
Lego Club: 4:00 PM – 5:00 PM
Robotics Club: 5:00 PM – 7:00 PM
Come build, create, and explore!

THE FOXHOLE FLYER

STUDENT SPOTLIGHT!

Xavier Medina - 8th Grade

Xavier was nominated by Mr. Dunaway. "Xavier is a National Junior Honor Society member who demonstrates strong commitment to his academics. He consistently engages in his coursework and regularly participates in Live Lessons, showing responsibility and motivation as an online learner. In addition to his academic success, Xavier serves as a valuable student leader in the History Explorers Club, where he contributes positively and supports his peers. His dedication, leadership, and engagement make him a standout student in our school community."

TEACHER SPOTLIGHT!

Rob Ash

"I've spent most of my life in the Deltona, DeBary, and Orange City area and have been teaching Social Studies for 24 years. Throughout my career, I've primarily worked with AP and IB students, though I've had the opportunity to teach a wide range of courses. I spent 15 years at Seminole High School, and notably, my very first day there was September 11, 2001. I'm the proud parent of three grown children and grandparent to three grandchildren, and during the summer I love to road trip out west to hike and backpack in the mountains."
