Committee members will receive applicant packets by this Friday, along with scoring sheets to use. Carol will also have the superintendent attributes, etc. info out to us by then.

If there are any obvious conflicts of interest, people can share them and recuse themselves from conversation when appropriate.

We will have a 2-hour meeting on 2/19 - mostly in executive session to discuss candidates - and identify those that the committee would like to interview..

Watch for a Doodle poll from Dave that will identify a day that we can be on site with the candidates for interviews in early March. Dave will also follow up with references during this time, and final recommendation(s) will be made to the board the week of March 9.

Meeting adjourned 4:55 pm.
