In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. 1. Procurement of recovered materials- A non-Federal entity that is a state agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item **exceeds \$10,000** or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines (2 CFR Part 200.322)

2. The vendor agrees to take all necessary affirmative steps to assure that minority businesses, women’s business enterprises, and labor surplus area firms are used when possible (2 CFR Part 200.321).

Other Contract Provisions

1. The vendor shall comply with the following **civil rights laws**, as amended: Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975; Title 7 CFR Parts 15, 15a, and 15b; the Americans with Disabilities Act; and FNS Instruction 113-1, Civil Rights Compliance and Enforcement in School Nutrition Programs.

Required Contract Provisions from 7 CFR Part 210

1. The SFA and vendor shall comply with the **Buy American Provision** for all solicitations and contracts that involve the purchase of food, USDA Regulation (7 CFR Part 250 and 7 CFR Part 210). The vendor is required to utilize, to the maximum extent practicable, domestic commodities and products. This requirement pertains to component items. It does not include spices, sauces, etc.

The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practical, to buy domestic commodities or products for Program meals. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR Part 210.21(d). Section 12(n) of the National School Lunch Act defines “domestic commodity or product” as an agricultural commodity that is produced in the U.S. and a food product that is processed in the U.S. Substantially means over 51% of the final processed product (by weight or volume) must consist of agricultural commodities that were grown domestically. The Buy American provision must be followed in all procurements where funds are used from the nonprofit food service account, whether directly by an SFA or on its behalf. Exceptions to the Buy American provision should be used as a last resort; however, an alternative or exception may be approved upon request. To be considered for the alternative or exception, the request must be submitted in writing to a designated official, a minimum of 14 days in advance of delivery. The request must include the:

A. Alternative substitute (s) that are domestic and meet the required specifications:

1. The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
2. Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product. The SFA will include the “BUY AMERICAN PROVISION CERTIFICATION FORM FOR FOOD PURCHASES in all procurements (attached).

The vendor must identify all food products bid by the Company that do not meet the definition of “domestic” on this document. In the event the SFA receives a bid from a vendor that does not include this information, the SFA is to consider the bid non-responsive.
